The Government provides certain reliefs and benefits to business houses to boost exports. One such benefit provided under GST laws is refund on Zero Rated Supplies including supplies to Special Economic Zone (SEZ). Additionally, Government has also introduced various export incentive schemes for businesses.

The pre-requisite behind refund in Indirect Taxes is the applicability of doctrine of unjust enrichment which holds good even in the GST regime. The refunds in GST are mainly related to: refund of tax paid on exports, refund of accumulated credit, zero rated, inverted duty structure and refund of wrongly paid tax on fulfillment of certain conditions.

Considering its paramount importance Indirect Taxes Committee of ICAI has come out with this E-publication on “Refunds under GST”. This is a guide wherein the provisions of GST related to refund have been dealt with. The various Export incentive schemes are also discussed in detail, which would help the readers in understanding various aspects of export transaction with respect to GST. Surely this guide will be a useful resource material for industry/professionals as well as revenue officers.

I appreciate the efforts put in by CA. Madhukar N. Hiregange, Chairman, CA. Sushil Kumar Goyal, Vice-Chairman and other members of the Indirect Taxes Committee of ICAI for bringing out E-publication on Refunds under GST.

I am sure this e-publication guide would further facilitate our members in practice as well as in industry to acquire specialized knowledge and equip them to suitably deal with the challenges and complexities relating to the Refunds.

President, ICAI
Exports of goods and services have been the area of focus in all policy initiatives of the Government for more than 30 years. Every country is attempting to see that taxes do not stick to the cost of goods or services exported out of the country. India is also moving towards making its supplies competitive. However, the large number of indirect taxes like electricity, petrol/diesel, stamp duty on commercial transactions which add to the cost of products continue in GST. The Government have been trying to make the system of refunds automatic under GST. However, it has not been realized till now due to challenges such as integrated IT platform, matching of ITC, interest of revenue etc.

The exporter has two options either export through Letter of Undertaking (LUT) without payment of taxes on outward supply and claim refund of ITC, alternatively with payment of taxes and claim cash refund of taxes paid on outward supply. Though both these alternatives serve the same purpose but there is difference in ITC benefit under different options. Where the export under LUT reduces the working capital requirement for exporter while with payment of taxes allow the refund of ITC on capital goods.

Considering the above facts, an effort has been made to bring out “E-publication on Refunds under GST” which provides analysis of the provision of laws relating to Exports and its associated benefit through refunds or otherwise. The E-publication aims to give a brief of the export incentive schemes, its applicability and impact on the export. It broadly covers aspects related to Registration requirements for exporters, various compliances by exporters like return filing, refund application etc. The publication also briefly covers comparison of refund provisions with earlier law.

We thank CA. Naveen N.D Gupta, President and CA. Prafulla Chhajed, Vice – President, ICAI for giving us the space to deliver and support for this initiative. Special thanks to the untiring effort of CA. Ashu Dalmia, CA. Jatin Harjai, CA. Hiren Pathak, CA Vinamar Gupta, CA. Bishan Shah for drafting and CA. Raja Jindal for reviewing this publication. We also appreciate the dedicated efforts of the entire Secretariat of Indirect Taxes Committee.

Welcome to a professionalized learning experience in GST.

Chapter 1

Background and Concept of Refund

1.1 Concept of Refund

Under taxation parlance, refund means, any amount returned by the Government that was either paid in excess or was not exigible to tax. Refund of tax is the most delightful provision of any Taxation Law. GST was implemented from 1st July 2017 which subsumed all the indirect taxes that businesses earlier paid to the Centre and States separately, with the aim of creating a common market. It involved a complete overhaul of the existing indirect tax system.

GST is broadly an indirect tax imposed on supply of goods and services. It mainly lays emphasis on the smooth flow of funds and compliances. It is based on the concept of one nation one tax. To facilitate such a smooth flow, it is imperative to provide for a hassle-free refund process. There may be different possibilities of accumulation of credits or excess payment of taxes due to mistake and inadvertences. The whole objective of GST would be lost if a service provider is not in a position to claim refund in such type of cases. Hence, the concept of Refund in GST is of utmost importance for successful implementation of GST.

It may be noted that the cash flow and working capital requirements of manufacturers and exporters could be adversely affected if there is lack of smooth refund process in GST. Hence, one of the important aspects in implementation of GST is to ensure that the refund process is smooth and efficient so that manufacturers and exporters do not face issues in claiming the refund. As a result, GST regime aims at streamlining and standardising the procedures pertaining to refunds under GST.

In GST Law, the provisions relating to refund have been provided under Chapter XI of the CGST Act, 2017 (Section 54 to 58) read with Chapter X of CGST Rules, 2017 (Rule 89 to 97A). Similar provisions have been provided under State Acts as well. The process of claiming and sanctioning refund under GST will mainly be online and in a time bound manner.

The claim for refund may arise in the following circumstances:

- Export of goods or services
- Supplies to SEZs units and developers
- Deemed exports
- Refund of taxes on purchases made by UN or embassies etc.
- Refund arising on account of judgement, decree, order or direction of the Appellate Authority, Appellate Tribunal or any court
- Refund of accumulated Input Tax Credit on account of inverted duty structure
- Finalisation of provisional assessment
- Refund of pre-deposit
- Excess payment due to mistake
- Refunds to International tourists of GST paid on goods in India and carried abroad at the time of their departure from India
- Refund on account of issuance of refund vouchers for taxes paid on advances against which, goods or services have not been supplied
- Refund of CGST & SGST paid by treating the supply as intra State supply which is subsequently held as inter-State supply and vice versa.
The GST law has provided new refund schemes that was not defined under the previous indirect tax structure such as:
- Refund of wrongly paid taxes
- Refund under Inverted Duty Structure
- Refund for International tourists

However, before going further it is imperative to mention that grant of Refund requires examination of the following aspects:
- refunds must follow a process of inquiry and adjudication
- identifying who has ‘paid’ the tax and who has ‘paid for’ the tax
- the rightful person entitled to restitution is identified
- there is a limitation as to how far back one can go to make a claim for excesses
- jurisdiction of every other authority is precluded

Tax refund for International tourists’ scheme provides an opportunity to foreign tourists to buy goods manufactured during their stay in any Country and claim the refund of tax suffered by such goods at the time of their exit from the Country. This is an internationally accepted practice by various Countries to encourage the sale of their goods to foreign tourists. In GST regime, this practice is being implemented by the Government to boost the sale of Indian products in International market.

1.2 Refund - Objective in relation to export promotion

Promoting exports in India has always been noteworthy for the Government and various measures have been adopted for the same from time to time. Grant of refund to exporters is one of the measures to promote exports in India. Exporters generate valuable foreign exchange for our country and therefore, it is necessary to take care of the exporters.

It is also an internationally accepted principle to make sure that exports are not burdened with any of the taxes or duties. For fulfilling this purpose, Government has announced a number of policies giving various options to the exporters to make their exports tax-free.

Under GST regime, money is refunded under the zero-rating principle to promote exports. It has been ensured that the tax refunds are done at the earliest so that the rhythm in export growth is maintained.

1.3 Inverted Duty Structure

There may be a situation where the tax rates on inputs is higher than tax rates paid on outward supplies called “Inverted Duty Structure”. Inverted duty structure will generally result in accumulation of excess/unutilized input tax credits.

Since rate of tax on outward supplies is lesser than the rate of tax on inputs, this results in accumulation of unutilized input tax credit and thus there arises a need for refund.
2.1 Refund provisions in Service Tax and Excise laws

Refund is the important aspect of any tax law which existed in Service Tax and Excise regime as well. Under the erstwhile indirect tax regime, tax refunds were allowed in various ways.

Under Excise Law, the following refunds were allowable:
- Tax paid on purchase of goods for export
- Tax paid on inputs that are used for manufacturing goods for exporting
- Accumulation of input tax credit because of output supplies being either exports or zero rate sales
- Unspent advance deposits lying in balance
- Tax paid by the manufacturer, if he has not passed the incidence of such tax to any other person,
- Tax paid by the buyer, if he has not passed the incidence of such tax to any other person

Under the Service Tax Law, the following refunds were allowable:
- Service tax paid in excess
- Tax paid cannot be adjusted against future tax liabilities that may arise
- Input tax credit (accumulated) has been used for provision of output services that were exported without paying service tax
- Refund of unutilized CENVAT Credit to service providers providing services liable under partial reverse charge basis
- Service tax paid on specified services by exporters of goods
- Refund of Service tax paid on services received and used for authorised operations by SEZ Unit/Developer

2.2 Comparison with Erstwhile Law

Tax laws applicable in our country, prescribe duties to be charged on goods and services meant for import and export. Under the erstwhile indirect tax regime, excise duty, service tax, customs duty, VAT were all levied on different value and sometimes lead to cascading. Under the GST regime, all these taxes have been subsumed into a single tax i.e. GST. Customs duty however will be continued to be levied additionally on import of specified goods. In this Chapter, we have highlighted the differences in the tax implications for exports and imports by drawing a comparison between the two regimes.

### 2. Import of Services
- Upon importing a service into India, service tax needs to be paid on such service at the applicable rate. Tax credit can be claimed by an importer of services on the service tax so paid.
- Upon importing a service into India, GST needs to be paid on such service at the applicable rate under reverse charge mechanism. (Tax Credit can be claimed)

### 3. Exports
- Exports of goods and services is zero rated
- Tax refund may be claimed by an exporter on any inputs that are used for manufacturing, purchasing or providing the exported goods or services.
- Under GST also tax refund may be claimed by an exporter on any inputs that are used for manufacturing, purchasing or providing the exported goods or services; exporter need not file refund application under various acts thus not resulting into blockage of working capital, wastage of time and ensures smooth flow of input credit.

### 4. Disallowance of credit on certain items
- There are a few non-creditable commodities and services under VAT as well as CENVAT rules
- There are a few non-creditable commodities and services under GST Regime as well which are specified u/s 17(5) of the CGST Act, 2017.

### 5. Disallowance of inputs or input services utilized in exempted commodities or services
- Not permitted.
- Not permitted.

### 6. Cascading Effect
- Under VAT, credit between service tax and excise duty is available, but there is no set-off against VAT on excise duty.
- This Problem arises because credit of CST and many other taxes are not allowed.
- Under GST, credit available on the whole amount of taxes up to retailer.

- Should be filed within a period of
As far as refund is concerned following are the few aspects which differ under GST regime-

1. No requirement for filing refund application under various Acts.
2. Time limit for filing refund application has been increased.
3. Seamless flow of Input Tax Credit across the value chain.
3.1 Concessional Tax Rates for Merchant Exporters

Merchants Export Under GST

“Make in India” is the focus of the current government. As a result, to promote the same in export chain, importance of Merchant exporters is quite significant. Merchant export is a common terminology used under EXIM policy. It always relates to export of “goods” and not for export of “services”. The person exporting goods without having own manufacturing facility is called a merchant exporter whereas person manufacturing and then exporting is called Manufacturer exporter. As these persons act as a bridge between manufacturers in DTA (Domestic Tariff Area) and foreign importers, their role is vital in foreign exchange earnings for the Country.

It might be possible that due to manufacturing capacity constraints, a manufacturer, to fulfil its export orders, may buy goods from another manufacturer in the DTA. They are called manufacture merchant exporter.

Definition of Merchant Exporter

As per Foreign Trade Policy (2015-20), Para 9.33 “Merchant Exporter” means a person engaged in trading activity and exporting or intending to export goods.

In terms of Para 9.32 of FTP, “Manufacturer Exporter” means a person who exports goods manufactured by him or intends to export such goods.

Merchant Exports in Pre-GST regime

Previously under the pre-GST regime Merchant exporters were exporting goods on execution of B-1 bond with Surety before Central Excise Authorities or before the Maritime Commissioners. Then they had to obtain Form C.T-1 certificate from the said authorities for procuring goods from a factory or warehouse without payment of tax for export. The same had to be handed over to the Manufacturer-Supplier with duly signed ARE-1 Form. When goods got ready for despatch the supplier used to submit a copy of the CT-1 certificate along with ARE-1 Form duly counter signed by him to the jurisdictional Central Excise officer. After following verification procedures, the said Central Excise officer used to allow goods for stuffing into container.

Merchant exporter used to arrange proof of export documents and provide to the manufacturer supplier for onward submission to the jurisdictional Deputy / Assistant Commissioner of Central Excise in order to discharge export obligation. With regard to waiver of CST theMerchant exporter used to collect H form, from the Sales Tax department and provided the same to the Manufacturer Supplier for onward submission to the Sales tax authority.

Post-GST regime

In the GST regime, export & import is governed under IGST Act. As per the provisions of IGST Act, 2017, supplies of goods and services for exports, are to be treated as “Zero-rated supplies”,

Now Merchant exporter and manufacturer exporter are having equal status under GST regime. With this provision, merchant exporters are required to pay GST to the manufacturers and then apply for refunds. Due to some nuances of GST law and technology driven hicccups, there was delay in getting refunds. As a result, exporters had to suffer working capital crunch and exports in the country got hampered. To overcome the same, the Government exempted the intra-State supply of taxable goods by a registered
Incentives for Export

supplier to a registered recipient for export and reduced GST rate of 0.1% vide Notification No. 40/2017-
Central Tax (Rate) dated 23.10.2017 subject to fulfilment of certain conditions.

Refund of IGST / Un-utilized Input Tax Credit

Exporters have two options either to avail refund of IGST paid on export of goods under Rule 96 of CGST
Rules, 2017 or make exports without payment of tax under bond or letter of undertaking in accordance with
the provisions of sub-section (3) of section 16 of the IGST Act, 2017 in case of zero-rated supply of goods
or services or both.

Manufacturer exporters have to claim refund of ITC for the goods manufactured and exported, and charge
0.10% IGST on the supplies made by them to Merchant Exporters.

Due to technical development of the refund module on the common portal, the C.B.E. & C vide Circular
No.17/17/2017 has prescribed the following conditions and procedures for the manual filing and processing
of the refund claims:

1. The registered person may make zero-rated supplies of goods or services or both on payment of
   integrated tax and claim refund of unutilized input tax credit in relation to such zero-rated supplies.

2. The application for refund of IGST paid on zero-rated supply of goods to a Special Economic Zone
developer or a Special Economic Zone unit or in case of zero-rated supply of services is required to
be filed in FORM GST RFD-01A by the supplier on the common portal and a print out of the said form
shall be submitted before the jurisdictional officer along with all necessary documentary evidences as
applicable within the time stipulated for filing of such refund under the CGST Act.

3. The application for refund of unutilized input tax credit on inputs or input services used in making
   such zero-rated supplies shall be filed in FORM GST RFD-01A on the common portal and the
   amount claimed as refund shall get debited in the electronic ledger to the extent of the claim. The
   common portal shall generate a proof of debit (ARN-Acknowledgement Receipt Number) which would
   be mentioned in the FORM GST RFD-01A submitted manually, along with the print out of FORM GST
   RFD-01A to the jurisdictional proper officer, and with all necessary documentary evidences as
   applicable within the time stipulated for filing of such refund under the CGST Act.

4. The registered person needs to file the refund claim with the jurisdictional tax authority to which the
   taxpayer has been assigned as per the administrative order issued in this regard by the Chief
   Commissioner of Central Tax and the Commissioner of State Tax. In case such an order has not
   been issued in the State, the registered person is at liberty to apply for refund before the Central Tax

   submitted stating that the claim for sanction of refund has been made to only one of the authorities.

5. On receipt of a refund application in FORM GST RFD-01A in the office, an entry shall be made in a
   refund register. Once verification process is completed, an acknowledgement in FORM GST RFD-02
   shall be issued within 15 days from the date of filing of the application and entry shall be made in the
   Refund register for receipt of refund applications.

6. In case of any deficiency in refund claim, a deficiency memo shall be issued by the proper officer in
   FORM GST -03 to the claimant manually instead of common portal.

7. The proper officer shall grant provisional refund within 7 days of receipt of refund application and an
   order shall be issued in FORM GST RFD-04 along with payment advice to be issued in FORM GST
   RFD-05. The refund amount would be made directly electronically into the claimant's Bank account

9. The refund application for various taxes i.e. CT/ST/UT/IT/Cess can be filed with any one of the tax authorities and shall be processed by the said authority; however, the payment of the sanctioned refund amount shall be made only by the respective tax authority of the Centre or State Government and communicated to the concerned counter-party tax authority within three days for the purpose of payment of the relevant sanctioned refund amount of tax or cess, as the case may be.

10. As per sub-rule (4) of rule 89 of CGST Rules, 2017 in the case of zero-rated supply of goods or services or both without payment of tax under bond or letter of undertaking in accordance with the provisions of sub-section (3) of section 16 of the IGST Act, 2017, refund of input tax credit shall be granted as per the following formula:-

\[
\text{Refund Amount} = \frac{\text{Turnover of zero-rated supply of goods} + \text{Turnover of zero-rated supply of services}}{\text{Adjusted Total Turnover}} \times \text{Net ITC}
\]

Net ITC has been defined to mean “input tax credit availed on inputs during the relevant period other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both”.

In a nutshell, the provisions relating to refunds for Merchant export is similar to normal export and enjoys the benefit of Zero-rated supply. Looking at the working capital issues, due to delays in refund, merchant exporter can buy goods, by making payment of GST @ 0.1% only, w.e.f 23.10.2017.

3.2 Exemption for Ocean Freight

As per notifications no. 2/2018 central tax (rate) & 14/2018, Services by way of transportation of goods by an aircraft or vessel from customs station of clearance in India to a place outside India had been exempted for the benefit of exporters till 30.09.2019. Meaning thereby to resolve working capital issue of the exporters the exemption is granted with a sunset clause.

3.3 Merchandise Exports from India Scheme

The Government of India has introduced Merchandise Exports from India Scheme (MEIS) through the Foreign Trade Policy (FTP) 2015-20 w.e.f. April 1, 2015. It seeks to promote export of notified goods manufactured/ produced in India. MEIS is a major export promotion scheme of GOI implemented by the Ministry of Commerce and Industry.

It is a step towards major consolidation and simplification; previously there were different schemes for rewarding merchandise exports with different kinds of duty scrips; now all these schemes have been merged into a single scheme, namely Merchandise Exports from India Scheme (MEIS). The Major object of introduction of MEIS scheme is to offset the infrastructural inefficiencies faced by exporters of specified goods and provide a level playing field.

Rewards under MEIS are payable as a 2, 3, 4 or 5% of realized FOB value of covered exports, by way of MEIS duty credit scrip. The scrip can be transferred or used for payment of a number of duties/taxes including the customs / excise duty / service tax. Scrips and inputs imported under the scrips are fully transferable. This has provided much flexibility to exporters. Earlier schemes had many conditions attached with the scrips about their usage and importability of items. All scrips issued under MEIS and the goods imported against these scrips are fully transferable. It is also pertinent to note that the incentives under MEIS are available to units located in SEZs also. As per the said scheme the scrips cannot be used to make payments of GST but can be used for payment of Customs Duty.
3.4 Service Exports from India Scheme (SEIS)

As per Foreign Trade Policy of India 2015-2020, Service Providers of notified services, located in India, shall be rewarded under SEIS, subject to conditions as may be notified. Service Exports from India Scheme (SEIS) is a reward computed based on the ‘net’ free foreign exchange realized and the percentage of this reward is specified in Appendix 3D of the Foreign Trade Policy 2015-20.

Other key aspects to consider are:
- Duty paid by utilization of Duty Credit Scrips eligible for duty drawback
- Duty Credit Scrips are valid for 18 months and revalidation will not be permitted

Effect of GST
Duty credit scrips are classified under HSN 4907 and they are exempted from the whole of GST by an amendment to Notification 2/2017-CT (R) dated 28th June 2018 by notification 35/2017CT (R) dated on 13 October 2017. It is important to note that duty credit scrips are held to be ‘goods’ for the purposes of GST.
3.5 Advance Authorization

Post implementation of GST i.e. from 01.07. 2017 the benefits under the Advance Authorization (AA) scheme shall be restricted to BCD, Safeguard Duty, Transitional Product Specific safeguard duty and Anti-dumping duty in respect of goods liable to IGST and for the specified items. As a result, the benefit is not available for the payment of GST.

Due to this severe working capital crunch was created amongst the exporters fraternity. To prevent such cash blockage of exporters as they were paying upfront GST, the GST council at its 22nd Meeting held that for immediate relief to the exporters the Advance Authorization (AA) scheme is being extended to source inputs etc. from abroad as well as indigenously. Now, exporters will be able to procure their inputs both domestically and from abroad with exemption from paying GST. Domestic supplies to holders of Advance Authorization (AA) would be treated as Deemed Exports under section 147 of CGST/SGST Act and refund of tax paid on supplies will be made to suppliers.

3.6 Duty Free Import Authorization under Export Promotion Capital Goods

When GST was introduced, only basic customs duty was exempted on imports made under EPCG authorisation and Importer/Exporter had to pay IGST on imports and take ITC of the same. But as explained above there was acute working capital blockage of exporters. As a result, in the 22nd meeting the GST council decided to source capital goods by holders of authorisations under EPCG without payment of IGST. Moreover, domestic supplies to holders of EPCG will be treated as deemed exports under section 147 of CGST/SGST Act and refund of tax paid on such supplies given to the suppliers.
4.1 What is Refund?

Generally, Tax Refund means a refund of taxes when the tax liability is less than the taxes paid. In GST, need for Refund arises when a supplier has accumulated input tax credit but there is no corresponding liability to pay tax, as he is making Zero rated supply. Alternatively, he is discharging liability which in fact he is not required to and consequently claiming back GST already paid.

 Provision for Refund contains in section 54 of CGST Act. The Explanation below this section provides that “refund” includes refund of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies, or refund of tax on the supply of goods regarded as deemed exports, or refund of unutilized input tax credit as provided under sub-section (3) of section 54.

This section deals with the legal and procedural aspects of claiming refund by any person in respect of -

- any tax (which was excess paid);
- interest paid on such tax;
- any other amount paid (which was not required to be paid);
- input tax relating to goods and/or services that are exported out of India;
- tax on inputs or input services “used” in the goods and/or services exported out of India including zero rated supply;
- tax on the supply of goods regarded as deemed exports;
- unutilized input tax credit at the end of tax period in cases of:
  - exports, except when goods are subjected to export duty or the supplier avails drawback of central tax or claims refund of integrated tax paid on such supplies;
  - input tax rate being higher than output tax rate, other than NIL rated or fully exempted.

This section provides for conditions and procedures for claiming refund without specifying all the circumstances in which an applicant will be eligible for refund. Thus, it can be inferred that refund is possible only when tax, interest or any other amounts are paid in cash and in respect of exports / deemed exports in the form of input tax.

4.2 What is Export of Goods?

As per Section 2(5) of IGST Act, “Export of Goods” with its grammatical variations and cognate expressions, means taking goods out of India to a place outside India.

Export of goods will be treated as ‘zero-rated supplies’ as defined under section 2(23) of IGST Act. Hence, even if no tax would be payable on such Zero-rated supplies, the exporter will be eligible to claim the corresponding input tax credits. It is relevant to note that the input tax credits would be available to an exporter even if the supplies were exempt supplies so long as the eligibility of the input taxes is established.

Following aspects need to be noted:

Unlike export of services which requires fulfilment of certain conditions for a supply to qualify as ‘export of services’ like the nature of currency in which payment is required to be made, location of the exporter etc., export of goods doesn’t require fulfilment of any such condition. In the case of export of goods, the movement of goods alone is a relevant factor and not the location of the exporter/ importer.
The exporter may utilize such credits for discharge of other output taxes or alternatively, the exporter may claim refund of such taxes.

The exporter will be eligible to claim refund under the following situations:

(i) He may export the goods under a Letter of Undertaking, without payment of IGST and claim refund of unutilized input tax credit.

(ii) He may export the goods upon payment of IGST and claim refund of such tax paid.

As per proviso to Rule 46 of CGST Rules, Invoice for exporting goods or services, shall carry an endorsement — "SUPPLY MEANT FOR EXPORT/SUPPLY TO SEZ UNIT OR SEZ DEVELOPER FOR AUTHORISED OPERATIONS ON PAYMENT OF INTEGRATED TAX or — SUPPLY MEANT FOR EXPORT/SUPPLY TO SEZ UNIT OR SEZ DEVELOPER FOR AUTHORISED OPERATIONS UNDER BOND OR LETTER OF UNDERTAKING WITHOUT PAYMENT OF INTEGRATED TAX", as the case may be, and shall, in lieu of the details specified in clause (e) of Rule 46 of CGST Rules, contain the following details, namely,— (i) name and address of the recipient; (ii) address of delivery; and (iii) name of the country of destination.

Some of the export mode as given in FTP 2015-20 are as under:

(e) Notwithstanding the above, goods which are freely importable may be re-exported except items as in the Prohibited or SCOMET List of exports, in the same or substantially same form even though such goods are under “restricted list” for export, subject to the following conditions:

Exports of these items to Iran shall, however, be subject to all other conditions of FTP 2015-20 and ITC (HS) 2017, as applicable. Bird’s eggs covered under ITC (HS) 0407 & 0408 and Rice covered under ITC (HS) 1006 are not covered under this dispensation, as at II (a) above.

(d) Exports under this dispensation, as at I (e) and II (a), (b) and (c) above shall not be eligible for any export incentives.

Exports through a registered courier service is permitted as per Notification issued by DoR. However, exportability of such items shall be regulated in accordance with FTP/ ITC (HS), 2017.

However, all goods are allowed to be exported though courier except

(a) Goods attracting any duty on exports

(b) Goods exported under export promotion schemes

(c) Goods where the value of the consignment is above Rs.25,000/- and transactions in which foreign exchange is involved

The Authorized Courier should file Courier Shipping Bills with the proper officer of Customs at the airport or Land Custom Station (LCS) before departure of the flight or other mode of transport, as the case may be. Different Forms have been prescribed for export of documents and other goods. The Authorized Courier is required to present the exported goods to the proper officer for inspection, examination and assessment.

Export of Replacement Goods

Goods or parts thereof on being exported and found defective/damaged or otherwise unfit for use may be replaced free of charge by the exporter and such goods shall be allowed for export by Customs authorities, provided that replacement goods are not mentioned as restricted/SCOMET items for exports in ITC (HS). If the export item is ‘restricted’/ under SCOMET, the exporter shall require an export license for replacement.
Basic Legal Provisions relating to Refund

Export of Repaired Goods
Goods or parts thereof, except restricted under ITC (HS), on being exported and found defective, damaged or otherwise unfit for use may be imported for repair and subsequent re-export. Such goods shall be allowed clearance without an Authorisation and in accordance with customs notification. To that extent the exporter shall return the benefits /incentive availed on the returned goods. If the item is ‘restricted’ for import, the exporter shall require an import license.

However, re-export of such defective parts/spares by the Companies/firms and Original Equipment Manufacturers shall not be mandatory if they are imported exclusively for undertaking root cause analysis, testing and evaluation purpose.

Export of Spares
Warranty spares (whether indigenous or imported) of plant, equipment, machinery, automobiles or any other goods [except those restricted under ITC (HS)] may be exported along with main equipment or subsequently but within contracted warranty period of such goods, subject to approval of RBI.

Private Bonded Warehouses for Export
(a) Private bonded warehouses exclusively for exports may be set up in DTA as per terms and conditions of notifications issued by DoR.

(b) Such warehouses shall be entitled to procure goods from domestic manufacturers without payment of duty. Supplies made by a domestic supplier to such notified warehouses shall be treated as physical exports provided payments are made in free foreign exchange.

Sale on High Seas
Transactions taking place before filing of bill of entry are termed as “high sea sale” transactions under common trade practice where the original importer sells the goods to a third person before the goods are entered for customs clearance. This supply is covered within definition of inter-State supply.

Provisions of sub-section (12) of section 3 of Customs Tariff Act, 1975 in as much as in respect of imported goods provides that all duties, taxes, cess’ etc. shall be collected at the time of importation i.e. when the import declarations are filed before the customs authorities for the customs clearance purposes. High sea sale transactions, though regarded as supply in the course of inter-State trade or commerce, are not subject to levy of IGST as the supply takes place before filing of Bill of entry and IGST in case of importation of goods can be levied at the time of filing of Bill of Entry. Hence, IGST on high sea sale(s) transactions of imported goods, whether one or multiple, shall be levied and collected only at the time of importation i.e. when the import declarations are filed before the Customs authorities for the customs clearance purposes for the first time.

Further, value addition accruing in each such high sea sale shall form part of the value on which IGST is collected at the time of clearance. The importer (last buyer in the chain) would be required to furnish the entire chain of documents, such as original Invoice, high-seas-sales-contract, details of service charges/commission paid etc., to establish a link between the first contracted price of the goods and the last transaction. In the above example, supply by Nasik company to recipient of Pune is high sea sale transaction and is not subject to levy of IGST. When Pune recipient files bill of entry, IGST has to be paid on the assessable value which shall include the margin charged by Nasik supplier also.

4.3 What is Export of Service
Section 2 (6) of IGST Act defines “export of services” to mean the supply of any service when,—

(i) the supplier of service is located in India;

(ii) the recipient of service is located outside India;
The place of supply of service is outside India;

the payment for such service has been received by the supplier of service in convertible foreign exchange; and

the supplier of service and the recipient of service are not merely establishments of a distinct person in accordance with Explanation 1 in section 8 of IGST Act.

The concept of export of services is broadly borrowed from the provisions of the erstwhile Service Tax law. Under the GST regime, export of service will be treated as ‘zero-rated supplies’. Accordingly, while no tax would be payable on such supplies, the exporter will be eligible to claim the corresponding input tax credits. It is relevant to note that the input tax credits would be available to an exporter even if supplies were exempt supplies as long as the eligibility of the input taxes as input tax credits is established.

The exporter may utilize such credits for discharge of other output taxes or alternatively, the exporter may claim a refund of such taxes.

The exporter will be eligible to claim refund under the following situations:

(a) He may export the services under a Letter of Undertaking, without payment of IGST and claim refund of unutilized input tax credit; or

(b) He may export the services upon payment of IGST and claim refund of such tax paid.

The following aspects need to be noted:

- The requirement under the Service Tax law was that the supplier should be located in the taxable territory i.e. India, excluding Jammu and Kashmir. Under the GST law, the requirement is that the supplier is located in India (which includes Jammu and Kashmir) as GST has been made applicable in the State of J&K also.

- Although overseas establishment of a person who is situated in India is treated as a distinct person for purposes of levy of integrated tax, as regards export of services, this overseas establishment must demonstrate substance in its activities to qualify as recipient of the export of the services from India and establish itself as more than just a mere establishment of the person.

- Establishments will be treated as establishment of distinct persons under the following situations:

<table>
<thead>
<tr>
<th>Situation</th>
<th>Location of one establishment</th>
<th>Location of the other establishment</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>India</td>
<td>Outside India</td>
</tr>
<tr>
<td>II</td>
<td>State or Union Territory</td>
<td>Outside State or Union Territory</td>
</tr>
<tr>
<td>III</td>
<td>State or Union Territory</td>
<td>Business vertical registered in that State or Union Territory</td>
</tr>
</tbody>
</table>

Therefore, where both the establishments are located in a State/Union Territory under the same GSTIN, the establishments will not be considered as distinct persons.

### 4.4 Zero Rated Supply

As per section 16 of IGST Act, “zero rated supply” means any of the following supplies of goods or services or both, namely:

(a) Export of goods or services or both; or

(b) Supply of goods, services, or both to a Special Economic Zone developer or a Special Economic Zone unit.
Basic Legal Provisions relating to Refund

(3) A registered person making zero rated supply shall be eligible to claim refund under either of the following options, namely: —

(a) he may supply goods or services or both under bond or Letter of Undertaking, subject to such conditions, safeguards and procedure as may be prescribed, without payment of integrated tax and claim refund of unutilised input tax credit; or

(b) he may supply goods or services or both, subject to such conditions, safeguards and procedure as may be prescribed, on payment of integrated tax and claim refund of such tax paid on goods or services or both supplied, in accordance with the provisions of section 54 of the Central Goods and Services Tax Act or the rules made thereunder.

4.5 Exports against LUT/Bond [u/s 16(3)(a)]

See para 5.1.2

4.6 Exports against Payment of IGST [u/s 16(3)(b)]

See para 5.1.3

4.7 Deemed Exports

The Proviso to Rule 89 of CGST Rules deals with Refund in respect of supply regarded as Deemed export. As per section 2(39) of CGST Act, “deemed exports” means such supplies of goods as may be notified under section 147 of CGST Act even though goods do not leave India.

As per Notification No. 48/2017 – central tax dated 18th October 2017, supply of goods listed below will be treated as deemed export:

<table>
<thead>
<tr>
<th>Sr No.</th>
<th>Description of supply</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Supply of goods by a registered person against Advance Authorization. “Advance Authorization” means an authorization issued by the Director General of Foreign Trade under Chapter 4 of the Foreign Trade Policy 2015-20 for import or domestic procurement of inputs on pre-import basis for physical exports.</td>
</tr>
<tr>
<td>3</td>
<td>Supply of goods by a registered person to Export Oriented Unit. “Export Oriented Unit” means an Export Oriented Unit or Electronic Hardware Technology Park Unit or Software Technology Park Unit or Bio-Technology Park Unit approved in accordance with the provisions of Chapter 6 of the Foreign Trade Policy 2015-20.</td>
</tr>
<tr>
<td>4</td>
<td>Supply of gold by a bank or Public Sector Undertaking specified in Notification No. 50/2017-Customs, dated the 30th June, 2017 (as amended) against Advance Authorization.</td>
</tr>
</tbody>
</table>

Procedures and safeguards are prescribed for supplies to EOU / EHTP / STP / BTP units vide Circular no. 14/14/2017 - GST dated 6th November 2017.

It is imperative to state here that, The Foreign Trade Policy (2015-2020) in terms of Para 7.02 has provided a list of Supplies which are Deemed Supplies under the FTP. However, only the aforesaid four supplies have been covered under Deemed Export under GST. Further, the recipient is eligible to take Input Tax Credit of the tax paid by the Supplier subject to restrictions.
Procedure for claim and grant of refund of IGST paid on goods exported out of India

In terms of Rule 96 of the CGST Rules, shipping bill filed by an exporter shall be deemed to be an application for refund of IGST tax paid on the goods exported out of India, when

(a) the person in charge of the conveyance carrying the export goods duly files an export manifest or an export report covering no. and date of shipping bills or bills of export; and

(b) the applicant has furnished a valid return in FORM GSTR-3B.

In this regard, the details of the relevant export invoices contained in FORM GSTR-1 shall be transmitted electronically by the common portal to the system designated by the Customs (“Custom System”) and the said system will revert the confirmation of export of goods. In case where, date of furnishing FORM GSTR-1 for a tax period has been extended, the supplier shall furnish the information relating to exports as specified in Table 6A of FORM GSTR-1 (auto-drafted for the said tax period) after the return in FORM GSTR-3B has been furnished and the same shall be transmitted electronically to Custom System. [Refer Notification No. 51/2017 – Central Tax dated 28.102.017]

Upon receipt of the information regarding the furnishing of a valid return in FORM GSTR-3B, the Custom System shall process the claim for refund and an amount equal to the IGST paid in respect of each shipping bill or bill of export, shall be electronically credited to the bank account of the applicant mentioned in his registration particulars and as intimated to the Customs authorities

Moreover, the Central Government vide Circular No. 37/11/2018- GST dated 15th March, 2018 has clarified issues in relation to processing of claims for refund under GST. [These instructions shall apply to exports made on or after 1st July, 2017]

4.8 Export to Nepal and Bhutan

As mentioned earlier, in case of goods exported to Nepal and Bhutan, once goods move out of India that is to Nepal and Bhutan, it is termed as Export of goods.

But unlike export of goods, supply of services shall be termed as Export of services only when payment is received in convertible foreign currency. Tricky situations were arising when services were provided to Nepal and Bhutan but amounts were not received in convertible foreign currency; such supplies will not be termed as Export of service. Generally, this situation arises in transit cargo to Nepal and Bhutan.

To overcome this situation, Notification No. 42/2017- Integrated tax (Rate) dated 27th October 2017 was issued to amend Notification No. 9/2017 - Integrated Tax (Rate), dated the 28th June 2017 whereby a new entry has been inserted in the exemption notification, namely, Supply of services having place of supply in Nepal or Bhutan, against payment in Indian Rupees. Thus, export of services got exemption where place of supply is in Nepal and Bhutan. Even ITC Reversal considering this service as exempt would not be required as per Notification 55/2017 – Central Tax dated 15th November 2017.

4.9 Place of Supply in case of Export

We are discussing Refund in case of Zero rated supplies. Zero-rated supplies as discussed earlier will be supplies to SEZ or Export.

To treat a supply as Zero-rated supply, the Place of supply should be outside India. Let’s discuss what will be the place of supply in case of Export.

Place of supply in case of Goods

Section 11 of IGST Act defines place of supply outside India in cases where goods are exported from India. It is easy to find out the place of supply in case of goods but one should carefully examine what is the place of supply in case of service and whether it really turned out to be zero rated supply or not to claim refund.
**Place of supply in case of Services**

Section 13 of IGST Act deals with the place of supply when location of the supplier or location of the recipient is outside India. This is a general rule.

As per section 13(2), The place of supply of service except the services specified in sub-sections (3) to (13), shall be the location of the recipient of services which are specific rules.

**Section13 (3): Performance based service**

In respect of Services that are ‘in respect of’ goods made available ‘TO’ the recipient ‘BY’ the supplier or persons representing supplier for performance of those services, the place of supply of the service will be the location where the services are actually performed. It is worthwhile to note here that the goods must be made available only to the recipient and not his representative whereas a person by whom it is made available could be the supplier or his representative. It is also noteworthy that the services to which this provision is to apply are not expressly listed here and left to the application of “made available for performance” test to determine its applicability. In respect of Services that are supplied by remotely accessing the goods, the place of supply will be the location of the goods, without prejudice to goods that are imported for ‘repair and return’. In cases where services are supplied at multiple locations, including a location in the taxable territory, the PoS will be the location in the taxable territory. Further, the rule of proportion is to be applied in case the services are carried out in different States.

**Section 13 (4): Services directly in relation to Immovable property**

In respect of Services ‘directly in relation to’ immovable property the Place of Supply will be the location of such property. The expression ‘in relation to’ encompasses a wide range of services that have a proximate nexus with the immovable property. Such property may be a hotel, inn, guest house, homestay, club or campsite including houseboat. The end-use will not alter the applicability of this provision but the proximity of the property vis-à-vis the services. Services that are ancillary to such services would also be covered by this provision.

In cases where services are supplied at multiple locations, including a location in the taxable territory, the place of supply is the location in the taxable territory. The rule of proportion is to be applied in case the services are rendered in different States. Services required in construction activity which are received before being assigned to any particular site will not be determined by this provision but by the general provision. For example, lease of construction equipment sent to a central warehouse before being deployed to any specific site.

**Section 13(5): Services in relation to admission or organization of events**

In respect of Services of admission to a venue the place of supply will be the location of the venue. The event that is organized may be cultural, artistic, sporting, scientific, education or entertainment or an amusement park including ancillary services. Services referred to here are admission or organizing the event at the venue. In cases where services are supplied at multiple locations, including a location in the taxable territory, the Place of Supply is the location in the taxable territory. Further, the rule of proportion is to be applied in case the services are carried out in different States.

**Section 13(8): Instances where Location of supplier is place of supply**

In respect of Services rendered in the following three cases instead of the ‘destination’ principle the place of supply will be the location of the supplier:

- Services of a banking company or a financial institution or NBFC –reference to ‘services of’ indicate that this specific provision will encompass all activities by such a service provider performed in their capacity as such.

- Intermediary services – defined in section 2(13) provide for a broad set of activities. It is important to examine whether the role of an intermediary is limited in any manner to marketing (proliferation of
information to potential customers), pre-sale (submitting quotations) and post-sale (assisting in delivery, installation and after-sales support).

• Hiring of transport for a period up to one month – all services attendant to securing such limited duration. This excludes aircraft and vessel other than yacht.

Section 13(9): Place of supply in case of Transportation of goods

In respect of Services of transportation of goods, the PoS will be the destination of the goods. Transportation of goods may be by any mode but not mail or courier.

Section 13(10): Place of supply in case of passenger transport service

The place of supply in respect of Services of transportation of passenger will be the location where the passenger embarks for the journey.

Section 13(11): Place of supply in case of on-board a conveyance

In respect of Services supplied on-board a conveyance, the PoS will be the first scheduled point of departure. Services are to be supplied during the journey and substantially consumed on-board. Any deviation from this condition will result in the service getting classified under the general rule.

Section 13(12): Place of supply in case of online information database access or retrieval services

The place of supply of Services of online information and database access or retrieval will be location of the recipient. Further, such recipient will be considered as situated in a taxable territory if any two of the following conditions are fulfilled:

• Address of recipient in taxable territory
• Card of recipient that is used to pay for the services is issued in taxable territory
• Billing address is in taxable territory
• Internet protocol address in taxable territory
• Bank of recipient in taxable territory
• Country code of SIM card is of taxable territory
• Fixed line used by recipient is in taxable territory

Where there is any occasion for double taxation or non-taxation, the Central Government is empowered to notify the place of supply with respect to service of any specific description, wherein the place of supply will be the place of effective use and enjoyment of a service.

4.10 Registration Requirement for Exporters

Section 24 of CGST Act:

Notwithstanding anything contained in sub-section (1) of section 22 of the CGST Act the following categories of persons shall be required to be registered under this Act, —

(i) persons making any inter-State taxable supply;
(ii) .................
(iii) .................

Section 7 (5) of IGST Act:

Supply of goods or services or both, —

(a) when the supplier is located in India and the place of supply is outside India;
(b) to or by a Special Economic Zone developer or a Special Economic Zone unit; or
Basic Legal Provisions relating to Refund

(c) in the taxable territory, not being an intra-State supply and not covered elsewhere in this section, shall be treated to be a supply of goods or services or both in the course of inter-State trade or commerce.

As per section 24 of the CGST Act, person making inter-state supply of taxable goods has to compulsorily register himself. Zero rated supply is termed as Inter-state supply by section 7(5) of IGST Act. Accordingly, a harmonious reading of these sections mandate the person involved in Zero rated supply to register himself from first sale transaction itself.

To overcome this situation, Notification 10/2017 – Integrated Tax, dated 13th October 2017 has been issued whereby exemption has been provided to the person having aggregate turnover below 20 Lakh rupees and making inter-state supply of taxable services from obtaining compulsory registration under section 24 of CGST Act. As Export is considered to be Inter-state supply, Exporters are not required to take compulsory Registration with effect from 13th October where their aggregate turnover is below the threshold limit. This notification not only gives benefit to exporters but also to such other persons whose aggregate turnover is below threshold but who are engaged in inter-state supply.

4.11 Information to be provided in Returns

Person making Zero-rated supply with payment of tax needs to provide the following information in the return:

(i) In GSTR-3B Table no. 3.1 (b) outward taxable supplies (Zero rated)

<table>

(iii) In case, Taxpayer has furnished incorrect information in the above table in GSTR-1, then he has an option to again provide correct information in GSTR-1 in Table-9A Amended Export Invoice. However, such amended information is required to be reported latest by September month of next financial year or before the filling of Annual return, whichever is earlier.

(iv) Please note that the amount as mentioned in GSTR-3B must match with GSTR-1, then only refund of IGST paid on Zero rated supply would be allowed.

In case, there is difference in amount as reported in GSTR-3B and amount as reported in GSTR-1, then Customs Dept. has issued circular No.12/2018-custom dated 29th May 2018 giving detailed procedure to claim refund in such case.

As per section 54(11) of CGST Act, if an order of refund is the subject matter of appeal or further proceeding or where any other proceeding under this act is pending and the Commissioner is of the opinion that grant of such refund is likely to adversely affect the Revenue in the said appeal or other proceedings on account of malfeasance or fraud committed, he may withhold the refund till such time as he may determine, after giving the taxable person an opportunity of being heard.

4.14 Manner of Granting Refund

Provision for granting provisional refund

As per Rule 91 of CGST Rules the provisional refund shall be granted subject to the condition that the person claiming refund has, during any period of five years immediately preceding the tax period to which
the claim for refund relates, not been prosecuted for any offence under the Act or under an existing law where the amount of tax evaded exceeds two hundred and fifty lakh rupees.

**Granting of Provisional Refund**

He will also issue payment advice in Form GST RFD-05 for such refund amount, which is credited to Bank account of applicant.

**Granting of Final Refund**

After examination of the application, if the proper officer is satisfied that a refund under sub-section (5) of section 54 is due and payable to the applicant, he shall make an order in Form GST RFD-06 sanctioning the amount of refund to which the applicant is entitled, mentioning therein the amount, if any, refunded to him on a provisional basis under sub-section (6) of section 54, amount adjusted against any outstanding demand under the Act or under any existing law and the balance amount refundable:

An unregistered person can also make payment into electronic cash ledger on the basis of temporary Identification number [Rule 87(4)]

- As per Rule 89(2)(k), a statement showing the details of the amount of claim on account of excess

**Debit and Re Credit to Cash Ledger**

Where a person has claimed refund of any amount from the electronic cash ledger, the said amount shall be debited to the electronic cash ledger [R. 87(10) and Instruction No. 14 to GSTR-3]. A refund shall be deemed to be rejected, if the appeal is finally rejected or if the claimant gives an undertaking to the proper officer that he shall not file an appeal [Explanation 2 to Rule 87].

**Restriction of refund for fabrics**

Restriction of refund for fabrics waived under inverted duty rate structure [Notification 20/2018-CTR dated 26-7-2018] by adding following proviso to principal notification 5/2017-CTR as amended by Notification No.44/2017:

*Provided that,-

(i) nothing contained in this notification shall apply to the input tax credit accumulated on supplies received on or after the 1st day of August, 2018, in respect of goods mentioned at serial numbers 1, 2, 3, 4, 5, 6, 6A, 6B, 6C and 7 of the Table below; and

28
Types of Refund & Procedure for Claiming Refund

(ii) in respect of said goods, the accumulated input tax credit lying unutilised in balance, after payment of tax for and upto the month of July, 2018, on the inward supplies received up to the 31st day of July 2018, shall lapse."

Hence, the restriction of not allowing refund in respect of fabrics under inverted duty rate structure has been waived in respect of goods received on or after 01-08-2018. The waiver of restriction regarding refund on fabrics shall result in lapse of accumulated input tax credit lying unutilized after payment of tax for and up to 31-07-2018.

The Tax Research Unit of CBIC has issued a circular to clarify calculation of lapse of credit in respect of fabrics. The circular deals with calculation of ITC to lapse, impact of lapse of ITC on exports, input services and capital goods and also deals with situations of fabrics where tax rate on inputs is not higher than outward supplies like cotton and silk. It was decided in 28th GST Council meeting to remove restriction for grant of refund on fabrics prospectively and simultaneously lapse the accumulated ITC, lying unutilized, for the past period, after the payment of GST for the month of July, 2018 [Para 3 of Circular]. The highlights of the Circular are as under:

Refund to be granted on Goods supplied to Railways not covered by Chapter 86: [Circular No. 30/4/2018-GST dated 25-01-2018]

It has been clarified that:

(a) only the goods classified under Chapter 86, supplied to the railways attract 5% GST rate with no refund of unutilized input tax credit; and

(b) other goods [falling in any other Chapter], would attract the general applicable GST rates to such goods, under the aforesaid notifications, even if supplied to the railways.

Restriction applicable for notified goods under inverted duty rate structure is not applicable to exports [Circular 18/18/2017 dated 16-11-2017]

However, the aforesaid notification having been issued under clause (ii) of the Proviso to sub-section (3) of section 54 of the CGST Act, 2017, restriction on refund of unutilized input tax credit of GST paid on inputs will not be applicable to zero rated supplies, that is (a) exports of goods or services or both; or (b) supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit.

Accordingly, as regards export of fabrics it is clarified that, subject to the provisions of sub-section (10) of section 54 of the CGST Act, 2017, a manufacturer of such fabrics will be eligible for refund of unutilized input tax credit of GST paid on inputs [other than the input tax credit of GST paid on capital goods] in respect of fabrics manufactured and exported by him.

Notified Services where refund under Inverted Duty Rate is not allowed [Notification No. 15/2017-CGST (Rate) dated 28-06-2017]

Supply of services specified in sub-item (b) of item 5 of Schedule II i.e. construction of a complex, building, civil structure or a part thereof, including a complex or building intended for sale to a buyer, wholly or partly, except where the entire consideration has been received after issuance of completion certificate, where required, by the competent authority or after its first occupation, whichever is earlier.

Notification No. 40/2017 – Central Tax (Rate), dated 23rd October 2017 and Notification No. 41/2017 – Integrated Tax (Rate) dated 23rd October 2017 provide for supplies for exports at a concessional rate of 0.05% and 0.1% respectively, subject to certain conditions specified in the said notifications. The relevant portion of the circular are as follows:
“1. It is clarified that the benefit of supplies at concessional rate is subject to certain conditions and the said benefit is optional. The option may or may not be availed by the supplier and / or the recipient and the goods may be procured at the normal applicable tax rate.

2. It is also clarified that the exporter will be eligible to take credit of the tax @ 0.05% / 0.1% paid by him. The supplier who supplies goods at the concessional rate is also eligible for refund on account of inverted tax structure as per the provisions of clause (ii) of the first proviso to sub-section (3) of section 54 of the CGST Act. It may also be noted that the exporter of such goods can export the goods only under LUT / bond and cannot export on payment of integrated tax. In this connection, notification No. 3/2018-Central Tax, dated 23.01.2018 may be referred.”

**Calculation of Maximum Refund Amount under Inverted Duty Rate Structure [Rule 89(5)]**

Maximum Refund Amount = \(((\text{Turnover of inverted rated supply of goods and services}) \times \text{Net ITC}) \div \text{Adjusted Total Turnover}\) - tax payable on such inverted rated supply of goods and services.

Explanation: - For the purposes of this sub-rule, the expressions –

(a) ‘Net ITC’ shall mean input tax credit availed on inputs during the relevant period other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both; and

In case of Inverted duty rate structure, refund is allowed only against inputs and amount of input service has to be deducted from total input tax credit. Further no refund is allowed against input tax credit on capital goods.

(b) ‘Adjusted Total turnover’ shall have the same meaning as assigned to it in rule 89 (4).

As per Rule 89(4)”Adjusted Total turnover” means the turnover in a State or a Union territory, as defined under clause (112) of section 2, excluding –

(a) the value of exempt supplies other than zero-rated supplies and

(b) the turnover of supplies in respect of which refund is claimed under sub rules (4A) or (4B) or both, if any, during the relevant period

Under Rule 89(4A), refund is allowed to the recipient of supplies under deemed exports (i.e. advance authorization or EPCG license or supply to EOU/EHTP/STP/BTP) for ITC on other inputs and input services received other than supplies received under deemed export and used for making zero rated supplies. However, in such cases no refund is allowed on exports against payment of IGST.

Similarly, under Rule 89(4B), refund is allowed to the recipient of supplies (exporter) receiving inputs under:

(a) concessional rate of tax or

(b) importing without payment of IGST under advance authorization

and utilizes the inputs received as well as other inputs and input services in furtherance of zero rated supplies.

This refund is allowed on credit available on inputs or input services on which concessional tax payment has been done and also in respect of other inputs and input services utilized in export of goods.

B. Refund of Unutilized ITC on Export of Goods or Services without payment of IGST

As per section 54(3)(i), a registered person may claim refund of any unutilized input tax credit at the end of any tax period in case of zero-rated supplies made without payment of tax. Zero rated supplies are defined in section 16(1) of IGST Act and as per section 16(1)(a) of IGST Act, export of goods or services or both are zero rated supplies. Hence, under the legal provisions, refund of unutilized ITC on export of goods or services without payment of IGST may be claimed.

A registered person making zero rated supply shall be eligible to claim refund for supply of goods or services or both under bond or Letter of Undertaking, subject to such conditions, safeguards and procedure as may be prescribed, without payment of integrated tax and claim refund of unutilized input tax credit [Section 16(3)(a)].

**Limitation Period for making refund application**

As per section 54(1), an application for refund is required to be made within 2 years from the relevant date. As per Explanation 2 to section 54, relevant date means:
(a) in the case of goods exported out of India where a refund of tax paid is available in respect of goods themselves or, as the case may be, the inputs or input services used in such goods-

(i) if the goods are exported by sea or air, the date on which the ship or the aircraft in which such goods are loaded, leaves India; or

(ii) if the goods are exported by land, the date on which such goods pass the frontier; or

(iii) if the goods are exported by post, the date of dispatch of goods by the Post Office concerned to a place outside India.

Refund of Unutilized Credit on exempted Goods in case of Exports

Subject to provisions of section 17(5), credit of input tax may be availed for making zero-rated supplies, notwithstanding that such supply may be an exempt supply [Section16(2) of IGST Act]. As per section 17(2), the amount of ITC is restricted to the amount attributable to taxable supplies including zero rates supplies. Hence, ITC against zero rated supplies is allowed even if they fall in the list of exempted goods or exempted services.

Bond or LUT in RFD-11 [Rule 96A (1)]

Any registered person availing the option to supply goods or services for export without payment of integrated tax, shall furnish, prior to export, a bond or a Letter of Undertaking in Form GST RFD-11 to the jurisdictional Commissioner.

Whether bond or Letter of Undertaking (LUT) is required in the case of zero rated supply of exempted or non-GST goods and whether refund can be claimed by the exporter of exempted or non-GST goods? [Para 6 of Notification No. 45/19/2018 dated 30-05-2018]

“6.1 As per section 16(2) of the IGST Act, credit of input tax may be availed for making zero rated supplies, notwithstanding that such supply is an exempt supply. Whereas, as per section 2 (47) of the CGST Act, exempt supply includes non-taxable supply. Further, as per section 16(3) of the IGST Act, a registered person making zero rated supply shall be eligible to claim refund when he either makes supply of goods or services or both under bond or letter of undertaking (LUT) or makes such supply on payment of integrated tax.

6.2 However, in case of zero rated supply of exempted or non-GST goods, the requirement for furnishing a bond or LUT cannot be insisted upon. It is thus, clarified that in respect of refund claims on account of export of non-GST and exempted goods without payment of integrated tax LUT/bond is not required. Such registered persons exporting non-GST goods shall comply with the requirements prescribed under the existing law (i.e. Central Excise Act, 1944 or the VAT law of the respective State) or under the Customs Act, 1962, if any.

6.3 Further, the exporter would be eligible for refund of unutilized input tax credit of central tax, state tax, union territory tax, integrated tax and compensation cess in such cases.”

Form for LUT

The registered person (exporter) shall fill and submit Form GST RFD-11 on the common portal. An LUT shall be deemed to be accepted as soon as an acknowledgement for the same, bearing the Application Reference Number (ARN), is generated online [Para 2(c) of Circular 8/2017 as amended by Notification No.40/2018 dated 6-4-18].

Documents for LUT

No document needs to be physically submitted to the jurisdictional office for acceptance of LUT [Para 2(d) of Circular 8/2017 as amended by Notification No.40/2018 dated 6-4-18].
Acceptance of LUT/bond

An LUT shall be deemed to have been accepted as soon as an acknowledgement for the same, bearing the Application Reference Number (ARN), is generated online. If it is discovered that an exporter whose LUT has been so accepted, was ineligible to furnish an LUT in place of bond as per Notification No. 37/2017-Central Tax, then the exporter’s LUT will be liable for rejection. In case of rejection, the LUT shall be deemed to have been rejected *ab initio* [Para 2(e) of Circular 8/2017 as amended by Notification No.40/2018 dated 6-4-18].

LUT in lieu of Bond [Rule 96A (5)]

The Board, by way of notification, may specify the conditions and safeguards under which a Letter of Undertaking may be furnished in place of a bond.

Conditions and safeguards for furnishing a Letter of Undertaking in place of a Bond by a registered person [Notification 37/2017-Central Tax dated 04-10-2017]

(i) All registered persons who intend to supply goods or services for export without payment of integrated tax shall be eligible to furnish a Letter of Undertaking in place of a bond except those who have been prosecuted for any offence under the Central Goods and Services Tax Act, 2017 (12 of 2017) or the Integrated Goods and Services Tax Act, 2017 (13 of 2017) or any of the existing laws in force in a case where the amount of tax evaded exceeds two hundred and fifty lakh rupees.

Self-declaration for non-prosecution: It is learnt that some field formations are asking for a self-declaration with every refund claim to the effect that the claimant has not been prosecuted. In this regard, Circular No.37/11/2018 dated 15th March 2018 has clarified thus:

“7.1 The facility of export under LUT is available to all exporters in terms of notification No. 37/2017-Central Tax dated 4th October, 2017, except to those who have been prosecuted for any offence under the CGST Act or the IGST Act or any of the existing laws in force in a case where the amount of tax evaded exceeds two hundred and fifty lakh rupees. Para 2(d) of the Circular No. 8/8/2017-GST dated 4th October, 2017, mentions that a person intending to export under LUT is required to give a self-declaration at the time of submission of LUT that he has not been prosecuted. Persons who are not eligible to export under LUT are required to export under bond.

7.2 It is clarified that this requirement is already satisfied in case of exports under LUT and asking for self-declaration with every refund claim where the exports have been made under LUT is not warranted.”

(ii) The Letter of Undertaking shall be furnished on the letter head of the registered person, in duplicate, for a financial year in the annexure to Form GST RFD – 11 referred to in sub-rule (1) of rule 96A of the Central Goods and Services Tax Rules, 2017 and it shall be executed by the working partner, the Managing Director or the Company Secretary or the proprietor or by a person duly authorized by such working partner or Board of Directors of such company or proprietor.

(iii) Where the registered person fails to pay the tax due along with interest, as specified under sub-rule (1) of rule 96A of Central Goods and Services Tax Rules, 2017, within the period mentioned in clause (a) or clause (b) of the said sub-rule, the facility of export without payment of integrated tax will be deemed to have been withdrawn and if the amount mentioned in the said sub-rule is paid, the facility of export without payment of integrated tax shall be restored.

Eligibility to export under LUT

The facility of export under LUT has now been extended to all registered persons who intend to supply goods or services for export without payment of integrated tax except those who have been prosecuted for any offence under the CGST Act or the Integrated Goods and Services Tax Act, 2017 or any of the existing laws and the amount of tax evaded in such cases exceeds two hundred and
fifty lakh rupees unlike Notification No. 16/2017-Central Tax dated 7th July, 2017 which extended the facility of export under LUT to status holder as specified in paragraph 5 of the Foreign Trade Policy 2015-2020 and to persons receiving a minimum foreign inward remittance of 10% of the export turnover in the preceding financial year which was not less than Rs. one crore. [Para 2(a) of Circular No. 8/8/2017 dated 4-10-2017]

**Bank guarantee**

Since the facility of export under LUT has been extended to all registered persons, bond will be required to be furnished by those persons who have been prosecuted for cases involving an amount exceeding Rupees two hundred and fifty lakhs. A bond, in all cases, shall be accompanied by a bank guarantee of 15% of the bond amount. [Para 2(f) of Circular No. 8/2017 dated 4-10-2017]

**Clarification regarding running bond**

The exporters shall furnish a running bond where the bond amount would cover the amount of self-assessed estimated tax liability on the export. The exporter shall ensure that the outstanding integrated tax liability on exports is within the bond amount. In case the bond amount is insufficient to cover the said liability in yet to be completed exports, the exporter shall furnish a fresh bond to cover such liability. The onus of maintaining the debit/credit entries of integrated tax in the running bond will lie with the exporter. The record of such entries shall be furnished to the Central tax officer as and when required. [Para 2(g) of Circular No. 8/2017 dated 4-10-2017]

**Obligation under LUT or Bond [Rule 96A (1)]**

In LUT or Bond the registered person binds himself to pay the tax due along with the interest specified under sub-section (1) of section 50 within a period of—

(a) fifteen days after the expiry of three months, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for export, if the goods are not exported out of India; or

(b) fifteen days after the expiry of one year, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for export, if the payment of such services is not received by the exporter in convertible foreign exchange.

**Failure to Export Goods within 3 Months from the date of issue of Invoice [Rule 96A (3)]**

Where the goods are not exported within the time specified in sub-rule 96A(1) and the registered person fails to pay the amount mentioned in the said sub-rule, the export as allowed under bond or Letter of Undertaking shall be withdrawn forthwith and the said amount shall be recovered from the registered person in accordance with the provisions of section 79.

**Restoration of Exports [Rule. 96A(4)]**

The export as allowed under bond or Letter of Undertaking withdrawn in terms of sub-rule (3) shall be restored immediately when the registered person pays the amount due.

**Exports after stipulated period [Para 5.1 of Circular 37/11/2018 dated 15-03-2018]**

It has been reported that the exporters have been asked to pay integrated tax where the goods have been exported but not within three months from the date of the issue of the invoice for export. In this regard, it is emphasised that exports have been zero rated under the Integrated Goods and Services Tax Act, 2017 (IGST Act) and as long as goods have actually been exported even after a period of three months, payment of integrated tax first and claiming refund at a subsequent date should not be insisted upon. In such cases, the jurisdictional Commissioner may consider granting extension of time limit for export as provided in the said sub-rule on post facto basis keeping in view the facts and circumstances of each case. The same principle should be followed in case of export of services.
Validity of LUT

The LUT shall be valid for the whole financial year in which it is tendered. However, in case the goods are not exported within the time specified in sub-rule (1) of rule 96A of the CGST Rules and the registered person fails to pay the amount mentioned in the said sub-rule, the facility of export under LUT will be deemed to have been withdrawn. If the amount mentioned in the said sub-rule is paid subsequently, the facility of export under LUT shall be restored. As a result, exports, during the period from when the facility to export under LUT is withdrawn till the time the same is restored, shall be either on payment of the applicable integrated tax or under bond with bank guarantee. [Para 2(b) of Circular 8/8/2017 dated 4-10-2017]

Restrictions on Refund of Unutilized ITC on Export of goods or services without payment of tax

1. Export Duty restriction

No refund of unutilized input tax credit shall be allowed in cases where the goods exported out of India are subjected to export duty [Second Proviso to Section 54(3)].

2. Drawback Restrictions

As per section 2(42) “drawback” in relation to any goods manufactured in India and exported, means the rebate of duty, tax or cess chargeable on any imported inputs or on any domestic inputs or input services used in the manufacture of such goods.

No refund of unutilized input tax credit shall be allowed, if the supplier of goods or services or both avails of drawback in respect of central tax. [Third Proviso to section 54(3)]

Earlier it was clarified in Para 8 of Circular 24/24/2017-GST dated 21-12-2017, that the drawback of all taxes under GST (Central Tax, Integrated Tax, State/Union Territory Tax) should not have been availed while claiming refund of accumulated ITC under section 54(3)(ii) of the CGST Act. However, this clarification was modified by subsequent circular 37/11/2018 dated 15-03-2018, in which it was stated vide Para 2.1 that, reference to "section 54(3)(ii) of the CGST Act" is a typographical error and it should read as "section 54(3)(i) of the CGST Act". Further, it may be noted that in the said circular reference has been made only to central tax, integrated tax, State/Union territory tax and not to customs duty leviable under the Customs Act, 1962. Therefore, a supplier availing of drawback only with respect to basic customs duty shall be eligible for refund of unutilized input tax credit of central tax/State tax/Union territory tax/integrated tax/compensation cess under the said provision. It is further clarified that refund of eligible credit on account of State tax shall be available even if the supplier of goods or services or both has availed of drawback in respect of central tax.

Hence, refund of unutilized Input Tax Credit is allowed against drawback of customs duty. This refund is restricted only if there is drawback of CGST or IGST. Further, the denial of CGST or IGST refund due to availment of drawback of CGST or IGST shall not result in denial of refund of unutilized SGST or UTGST.

Drawback during transition period from 01-07-2017 to 30-09-2017

In order to ensure smooth transition to the GST regime, Government allowed the old Duty Drawback scheme to continue for a period of three months i.e. from 1.7.2017 to 30.9.2017. The exporters could, for exports made during this period, continue to claim the composite rates subject to certain additional conditions. During the transition period, exporters could also claim Brand rate of duty/tax incidence as they have been doing earlier. The conditions imposed for claiming these composite rates aimed to ensure that the exporters do not claim composite AIRs of duty drawback and simultaneously avail input tax credit of Central Goods and Services Tax (CGST) or Integrated Goods and Services Tax (IGST) on the export goods or on inputs and input services used in manufacture of export goods or claim refund of IGST paid on export goods. Further, an exporter claiming composite
rate shall also be barred to carry forward CENVAT credit on the export goods or on inputs or input services used in manufacture of export goods in terms of the CGST Act, 2017. The exporters were, however, required to give a declaration and certificates at the time of export. Similar checks shall apply while determining the Brand rate of drawback. While a transition period of three months had been allowed, the exporters had an option to claim only Customs portion of AIRs of duty drawback of the Schedule of AIRs of duty drawback and avail input tax credit of CGST or IGST or refund of IGST paid on exports. [Circular 22/2017-Customs dated 30-06-2017]

3. **Restriction on claim of IGST Paid**

No refund of unutilized input tax credit shall be allowed, if the supplier of goods or services or both claim refund of the integrated tax paid on such supplies. [Third Proviso to Section 54(3)]

On the other hand, while allowing refund of integrated tax paid on exports, refund of tax paid on exports of goods or services or both or on inputs or input services used in making such exports is allowed.

**Calculation of the Maximum Amount of Refund of Unutilized ITC on Exports [Rule 89(4)]**

In the case of zero-rated supply of goods or services or both without payment of tax under bond or letter of undertaking in accordance with the provisions of sub-section (3) of section 16 of the Integrated Goods and Services Tax Act, 2017 (13 of 2017), refund of input tax credit shall be granted as per the following formula—

\[
\text{Refund Amount} = \left( \frac{(\text{Turnover of zero-rated supply of goods} + \text{Turnover of zero-rated supply of services}) \times \text{Net ITC}}{\text{Adjusted Total Turnover}} \right)
\]

Where,—

"Refund amount" means the maximum refund that is admissible;

"Net ITC" means input tax credit availed on inputs and input services during the relevant period other than the input tax credit availed for which refund is claimed under sub-rule (4A) or (4B) or both;

"Turnover of zero-rated supply of goods" means the value of zero-rated supply of goods made during the relevant period without payment of tax under bond or letter of undertaking, other than the turnover of supplies in respect of which refund is claimed under sub-rule (4A) or (4B) or both

"Turnover of zero-rated supply of services" means the value of zero-rated supply of services made without payment of tax under bond or letter of undertaking, calculated in the following manner, namely:—

Zero-rated supply of services is the aggregate of the payments received during the relevant period for zero-rated supply of services and zero-rated supply of services where supply has been completed for which payment had been received in advance in any period prior to the relevant period reduced by advances received for zero-rated supply of services for which the supply of services has not been completed during the relevant period;

"Adjusted Total Turnover" means the sum total of the value of—

(a) the turnover in a State or a Union territory, as defined under clause (112) of section 2, excluding the turnover of services; and

(b) the turnover of zero-rated supply of services determined in terms of clause (D) of section 89(4) and non-zero-rated supply of services, excluding-

(i) the value of exempt supplies other than zero-rated supplies; and
(ii) the turnover of supplies in respect of which refund is claimed under sub-rule (4A) or sub-rule (4B) or both, if any, during the relevant period.'

(Hence the Turnover of zero rated supply of service on which tax has been paid stands excluded from the adjusted turnover.)

"Relevant period" means the period for which the claim has been filed.

**Transmission of details from Common Portal to Indian Customs EDI System (ICES) [Rule 96A(2)] through GSTR-1**

The details of the export invoices in respect of export of goods contained in Form GSTR-1 shall be transmitted electronically by the common portal to the system designated by the Customs.

**In case of extension of filing date of GSTR-1 [First Proviso to Rule 96A(2)]**

Where the date for furnishing the details of outward supplies in Form GSTR-1 for a tax period has been extended in exercise of the powers conferred under section 37 of the Act, the supplier shall furnish the information relating to exports as specified in Table 6A of Form GSTR-1 after the return in Form GSTR-3B has been furnished and the same shall be transmitted electronically by the common portal to the system designated by the Customs:

**Auto population of data in GSTR-1 [Second Proviso to Rule 96A(2)]**

The information in Table 6A furnished under the first proviso shall be auto-drafted in Form GSTR-1 for the said tax period.

**Confirmation of Transmission of detail [Rule 96A(2)]**

The ICES shall electronically transmit to the common portal, a confirmation that the goods covered by the said invoices have been exported out of India:

**Realization of export proceeds in Indian Rupee**

Para 2(k) of Circular 8/2017 dated 4-10-17 has clarified thus:

“Attention is invited to para A (v) Part-I of RBI Master Circular No. 14/2015-16 dated 01stJuly, 2015 (updated as on 05th November, 2015), which states that “there is no restriction on invoicing of export contracts in Indian Rupees in terms of the Rules, Regulations, Notifications and Directions framed under the Foreign Exchange Management Act, 1999. Further, in terms of Para 2.52 of the Foreign Trade Policy
(2015-2020), all export contracts and invoices shall be denominated either in freely convertible currency or Indian rupees but export proceeds shall be realized in freely convertible currency. However, export proceeds against specific exports may also be realized in rupees, provided it is through a freely convertible VOSTRO account of a non-resident bank situated in any country other than a member country of Asian Clearing Union (ACU) or Nepal or Bhutan.

Accordingly, it is clarified that the acceptance of LUT for supplies of goods to Nepal or Bhutan or SEZ developer or SEZ unit will be permissible irrespective of whether the payments are made in Indian currency or convertible foreign exchange as long as they are in accordance with the applicable RBI guidelines. It may also be noted that the supply of services to SEZ developer or SEZ unit under LUT will also be permissible on the same lines. The supply of services, however, to Nepal or Bhutan will be deemed to be export of services only if the payment for such services is received by the supplier in convertible foreign exchange”.

**BRC / FIRC for export of goods**

Para 12 of circular 37/11/2018 dated 15-03-2018 has clarified as under:

“It is clarified that the realization of convertible foreign exchange is one of the conditions for export of services. In case of export of goods, realization of consideration is not a pre-condition. In rule 89 (2) of the CGST Rules, a statement containing the number and date of invoices and the relevant Bank Realisation Certificates (BRC) or Foreign Inward Remittance Certificates (FIRC) is required in case of export of services whereas, in case of export of goods, a statement containing the number and date of shipping bills or bills of export and the number and the date of the relevant export invoices is required to be submitted along with the claim for refund. It is therefore clarified that insistence on proof of realization of export proceeds for processing of refund claims related to export of goods has not been envisaged in the law and should not be insisted upon.

5.1.3 Refund of IGST paid on Exports

The definition of ‘refund’ provided under Explanation 1 to section 54 specifically includes refund of:

(a) tax paid on zero-rated supplies of goods or services or both or
(b) tax paid on inputs or input services used in making such zero-rated supplies.

The cumulative effect is refund of tax charged in invoice meant for zero rated supply.

**Refund of amount to applicant instead of being credited to Consumer Welfare Fund [Section 54(8)(a)]**

In case of refund of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies, the refundable amount shall, instead of being credited to the Fund, be paid to the applicant. Zero rated supplies include exports as well as supplies to SEZ. Where supplies are made to SEZ unit against payment of tax which is entitled to avail credit, the concept of unjust enrichment may apply and hence refund should be credited to consumer welfare fund instead of being paid to applicant. Hence u/s 54(8)(a), refund to tax paid on exports only can be paid to the applicant.

**Form for claiming refund**

**Filing of Shipping bill deemed to be Application for Refund [Rule 96(1)]**

The shipping bill filed by an exporter of goods shall be deemed to be an application for refund of integrated tax paid on the goods exported out of India [Rule 96(1)] General Application form for claiming refunds RFD-01 is not applicable for claiming refund of IGST paid on export of goods. [Rule 89(1)]

**When refund application is deemed to have been filed [Rule 96(1)]**

A refund application shall be deemed to have been filed only when: —
Types of Refund & Procedure for Claiming Refund

(a) the person in charge of the conveyance carrying the export goods duly files an export manifest or an export report covering the number and the date of shipping bills or bills of export; and

Limitation Period for making refund application

As per section 54(1), an application for refund is required to be made within 2 years from the relevant date. As per Explanation 2 to section 54, relevant date means:

(a) in the case of goods exported out of India where a refund of tax paid is available in respect of goods themselves or, as the case may be, the inputs or input services used in such goods-
   (i) if the goods are exported by sea or air, the date on which the ship or the aircraft in which such goods are loaded, leaves India; or
   (ii) if the goods are exported by land, the date on which such goods pass the frontier; or

The details of the relevant export invoices in respect of export of goods contained in Form GSTR-1 shall be transmitted electronically by the common portal to the system designated by the Customs.

In case of extension of filing date of GSTR-1 First Proviso to Rule 96(2)]

Where the date for furnishing the details of outward supplies in Form GSTR-1 for a tax period has been extended in exercise of the powers conferred under section 37 of the Act, the supplier shall furnish the information relating to exports as specified in Table 6A of Form GSTR-1 after the return in Form GSTR-3B has been furnished and the same shall be transmitted electronically by the common portal to the system designated by the Customs:

Auto population of data in GSTR-1 [Second Proviso to Rule 96(2)]

Credit of IGST paid in Shipping bill to bank account [Rule 96(3)]

An amount equal to the integrated tax paid in respect of each shipping bill or bill of export shall be electronically credited to the bank account of the applicant mentioned in his registration particulars and as intimated to the Customs authorities.

Withholding of Refund Claim [Rule 96(4)]

The claim for refund shall be withheld where:-

(a) a request has been received from the jurisdictional Commissioner of central tax, State tax or Union territory tax to withhold the payment of refund due to the person claiming refund in accordance with the provisions of sub-section (10) or sub-section (11) of section 54; or
(b) the proper officer of Customs determines that the goods were exported in violation of the provisions of the Customs Act, 1962.

**Intimation of Refund withheld on request of jurisdiction Commissioner [Rule 96(5)]**

Where refund is withheld in accordance with the provisions of clause (a) of sub-rule (4) of rule 96, the proper officer of integrated tax at the Customs station shall intimate the applicant and the jurisdictional Commissioner of central tax, State tax or Union territory tax, as the case may be, and a copy of such intimation shall be transmitted to the common portal.

**Withholding Order by Jurisdictional Officer [Rule 96(6)]**

Upon transmission of the intimation under sub-rule (5), the proper officer of central tax or State tax or Union territory tax, as the case may be, shall pass an order in Part B of Form GST RFD-07.

**Release of withheld Refund [Rule 96(7)]**

Where the applicant becomes entitled to refund of the amount withheld under clause (a) of sub-rule (4) of rule 96, the concerned jurisdictional officer of central tax, State tax or Union territory tax, as the case may be, shall proceed to refund the amount after passing an order in Form GST RFD-06.

**Refund to Bhutan Government [Rule 96(8)]**

The Central Government may pay refund of the integrated tax to the Government of Bhutan on the exports to Bhutan for such class of goods as may be notified in this behalf and where such refund is paid to the Government of Bhutan, the exporter shall not be paid any refund of the integrated tax.

**Refund of IGST Paid on Export of Goods not to be allowed to certain persons [Rule 96(10)]**

Persons claiming refund of integrated tax paid on exports of goods or services should not have received supplies on which the supplier has availed the benefit of:

(a) Deemed Exports under Notification No. 48/2017 dated 18-10-2017 (i.e. Supply against advance authorization or EPCG license or supply to EOU/EHTP/STP/BTP)

(b) Concessional Tax @ 0.1/0.05% under Notification Nos.40/2017-Central Tax (rate) and 41/2017-Integrated Tax (Rate)

(c) import without payment of IGST under advance authorization [Under Notification Nos. 78/2017-Customs and 79/2017-Customs]

**Circular 45/19/2018 dated 30-05-2018**

“7. What is the scope of the restriction imposed by rule 96(10) of the CGST Rules, regarding non-availment of the benefit of notification Nos. 48/2017-Central Tax dated the 18.10.2017, 40/2017-Central Tax (Rate) dated 23.10.2017, 41/2017-Integrated Tax (Rate) dated 23.10.2017, 78/2017-Customs dated 13.10.2017 or 79/2017-Customs dated 13.10.2017?

7.1 Sub-rule (10) of rule 96 of the CGST Rules seeks to prevent an exporter, who is receiving goods from suppliers availing the benefit of certain specified notifications under which they supply goods without payment of tax or at reduced rate of tax, from exporting goods under payment of integrated tax. This is to ensure that the exporter does not utilise the input tax credit availed on other domestic supplies received for making the payment of integrated tax on export of goods.

7.2 However, the said restriction is not applicable to an exporter who has procured goods from suppliers who have not availed the benefits of the specified notifications for making their outward supplies. Further, the said restriction is also not applicable to an exporter who has procured goods from suppliers who have, in turn, received goods from registered persons availing the benefits of these notifications since the exporter did not directly procure these goods without payment of tax or at reduced rate of tax.

7.3 Thus, the restriction under sub-rule (10) of rule 96 of the CGST Rules is only applicable to those
exporters who are directly receiving goods from those suppliers who are availing the benefit under notification No. 48/2017-Central Tax dated the 18th October, 2017, notification No. 40/2017-Central Tax (Rate) dated the 23rd October, 2017, or notification No. 41/2017-Integrated Tax (Rate) dated the 23rd October, 2017 or notification No. 78/2017- Customs dated the 13th October, 2017 or notification No. 79/2017- Customs dated the 13th October, 2017.

7.4 Further, there might be a scenario where a manufacturer might have imported capital goods by availing the benefit of Notification No. 78/2017-Customs dated 13.10.2017 or 79/2017 -Customs dated 13.10.2017. Thereafter, goods manufactured from such capital goods may be supplied to an exporter. It is hereby clarified that this restriction does not apply to such inward supplies of an exporter”

**Domestic Supplier of Exporter claiming benefit of advance authorization/ EPCG license etc. shall not debar exporter from claiming IGST refund on exports**

The provisions of Rule 96(10) have been modified by Notification 39/2018- CTR dated 4-9-2018, w.e.f. 23-10-2017, retrospectively, to deny to the person claiming refund of IGST paid on exports if he has:

a) Received supplies on which benefit of Notification No.48/2017-CTR or 40/2017-CTR or 41/2017-IGST(rate) has been availed or

b) Aavailed the benefit of 78/2017 or 79/2017-Customs

**Clarification**

Further, Para 5 of Circular 59/2018 dated 04-09-2018 has clarified as under:

“5.1 Rule 96(10) of the CGST Rules, as amended retrospectively by notification No. 39/2018-Central Tax, dated 04.09.2018 provides that registered persons, including importers, who are directly purchasing/importing supplies on which the benefit of reduced tax incidence or no tax incidence under certain specified notifications has been availed, shall not be eligible for refund of integrated tax paid on export of goods or services.

For example, an importer (X) who is importing goods under the benefit of Advance Authorization/EPCG, is directly purchasing/importing supplies on which the benefit of reduced/Nil incidence of tax under the specified notifications has been availed. In this case, the restriction under rule 96(10) of the CGST Rules is applicable to X.

However, if X supplies the said goods, after importation, to a domestic buyer (Y), on payment of full tax, then Y can rightfully export these goods under payment of integrated tax and claim refund of the integrated tax so paid. However, in the said example if Y purchases these goods from X after availing the benefit of specified notifications, then Y also will not be eligible to claim refund of integrated tax paid on export of goods or services.

5.2 Overall, it is clarified that the restriction under rule 96(10) of the CGST Rules, as amended retrospectively by notification No. 39/2018-Central Tax, dated 04.09.2018, applies only to those purchasers/importers who are directly purchasing/importing supplies on which the benefit of certain notifications, as specified in the said sub-rule, has been availed.”

**5.1.4 Export of services with payment of tax**

The definition of refund provided under Explanation 1 to section 54 specifically includes refund of:

(a) tax paid on zero-rated supplies of goods or services or both or

(b) Tax paid on inputs or input services used in making such zero-rated supplies.

The cumulative effect is refund of tax charged in invoice meant for zero rated supply.
Refund of amount to applicant instead of being credited to Consumer Welfare Fund [Section 54(8)(a)]

In case of refund of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies, the refundable amount shall, instead of being credited to the Fund, be paid to the applicant.

Form of Application

The application for refund of integrated tax paid on the services exported out of India shall be filed in Form GST RFD-01 and shall be dealt with in accordance with the provisions of rule 89. [Rule 96(9)]

Limitation Period for making refund application

As per section 54(1), an application for refund is required to be made within 2 years from the relevant date. As per Explanation 2 to section 54, relevant date means:

"…..(c) in the case of services exported out of India where a refund of tax paid is available in respect of services themselves or, as the case may be, the inputs or input services used in such services, the date of—

(i) receipt of payment in convertible foreign exchange, where the supply of services had been completed prior to the receipt of such payment; or

(ii) issue of invoice, where payment for the services had been received in advance prior to the date of issue of the invoice

Documents to be furnished along with the application [Rule 89(2)(c)]

A statement containing the number and date of invoices and the relevant Bank Realisation Certificates or Foreign Inward Remittance Certificates, as the case may be, in a case where the refund is on account of the export of services.

(b) Availed the benefit of Notification No. 78/2017 or 79/2017-Customs

Clarification

Further Para 5 of Circular 59/2018 dated 04-09-2018 has clarified as under:

“5.1 Rule 96(10) of the CGST Rules, as amended retrospectively by notification No. 39/2018-Central Tax, dated 04.09.2018 provides that registered persons, including importers, who are directly purchasing/importing supplies on which the benefit of reduced tax incidence or no tax incidence under certain specified notifications has been availed, shall not be eligible for refund of integrated tax paid on export of goods or services.

For example, an importer (X) who is importing goods under the benefit of Advance Authorization/EPCG, is directly purchasing/importing supplies on which the benefit of reduced/Nil incidence of tax under the specified notifications has been availed. In this case, the restriction under rule 96(10) of the CGST Rules is applicable to X.

However, if X supplies the said goods, after importation, to a domestic buyer (Y), on payment of full tax, then Y can rightfully export these goods under payment of integrated tax and claim refund of the integrated tax so paid. However, in the said example if Y purchases these goods from X after availing the benefit of specified notifications, then Y also will not be eligible to claim refund of integrated tax paid on export of goods or services.

5.2 Overall, it is clarified that the restriction under rule 96(10) of the CGST Rules, as amended retrospectively by notification No. 39/2018-Central Tax, dated 04.09.2018, applies only to those purchasers/importers who are directly purchasing/importing supplies on which the benefit of certain notifications, as specified in the said sub-rule, has been availed.”
5.1.5 Refund on account of Unutilized ITC on supplies made to SEZ Unit/SEZ Developer without payment of tax

As per section 54(3)(i), a registered person may claim refund of any unutilized input tax credit at the end of any tax period in case of zero-rated supplies made without payment of tax. Zero rated supplies are defined in section 16(1) of IGST Act and as per section 16(1)(b) of IGST Act, supply of goods or services or both to SEZ developer or SEZ Unit are zero rated supplies. Hence under the legal provisions, refund of unutilized ITC on supplies made to SEZ unit/SEZ developer of goods or services without payment of IGST may be claimed.

Refund of Unutilized Credit on exempted Goods in case of Zero Rated Supplies

Further, subject to the provisions of section 17(5), credit of input tax may be availed for making zero-rated supplies, notwithstanding that such supply may be an exempt supply. [Section 16(2) of IGST Act]. As per section 17(2), the amount of ITC is restricted to the amount attributable to taxable supplies including zero rates supplies. Hence ITC against zero rated supplies is allowed even if they fall in list of exempted goods or exempted services.

Subject to the provisions of section 17(5) of the CGST Act, if event management services, hotel, accommodation services, consumables etc. are received by a SEZ developer or a SEZ unit for authorised operations, as endorsed by the specified officer of the Zone, the benefit of zero rated supply shall be available in such cases to the supplier. [Circular 48/22/2018 dated 14-06-2018]

A registered person making zero rated supply shall be eligible to claim refund for supply goods or services or both under bond or Letter of Undertaking, subject to such conditions, safeguards and procedure as may be prescribed, without payment of integrated tax and claim refund of unutilized input tax credit. [Section 16(3)(a)]

Limitation Period for making refund application

As per section 54(1), an application for refund is required to be made within 2 years from the relevant date. As per Explanation 2 to section 54, relevant date means in the case of refund of unutilized input tax credit under sub-section (3), the end of the financial year in which such claim for refund arises.

Applicability of Bond or LUT for supply to SEZ Units/Developers without payment of tax [Rule 96(6)]

The provisions of sub-rule 96(1) shall apply, mutatis mutandis, in respect of zero-rated supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit without payment of integrated tax.

Bond or LUT in RFD-11 [Rule 96A(1)]

Any registered person availing the option to supply goods or services to SEZ Developer/Unit without payment of integrated tax shall furnish, prior to export, a bond or a Letter of Undertaking in Form GST RFD-11 to the jurisdictional Commissioner,

Whether bond or Letter of Undertaking (LUT) is required in the case of zero rated supply of exempted or non-GST goods and whether refund can be claimed by the exporter of exempted or non-GST goods?

Para 6 of Circular No. 45/19/2018 dated 30-05-2018 answers this question thus:

"6.1 As per section 16(2) of the IGST Act, credit of input tax may be availed for making zero rated supplies, notwithstanding that such supply is an exempt supply. Whereas, as per section 2 (47) of the CGST Act, exempt supply includes non-taxable supply. Further, as per section 16(3) of the IGST Act, a registered person making zero rated supply shall be eligible to claim refund when he either makes supply of goods or services or both under bond or letter of undertaking (LUT) or makes such supply on payment of integrated tax."
6.2 However, in case of zero rated supply of exempted or non-GST goods, the requirement for furnishing a bond or LUT cannot be insisted upon. It is thus, clarified that in respect of refund claims on account of supply to SEZ Developer/Unit of non-GST and exempted goods without payment of integrated tax; LUT/bond is not required. Such registered persons exporting non-GST goods shall comply with the requirements prescribed under the existing law (i.e. Central Excise Act, 1944 or the VAT law of the respective State) or under the Customs Act, 1962, if any.

6.3 Further, the supplier to SEZ Developer/Unit would be eligible for refund of unutilized input tax credit of central tax, state tax, union territory tax, integrated tax and compensation cess in such cases."

Form for LUT

A registered person (exporters) shall fill and submit Form GST RFD-11 on the common portal. An LUT shall be deemed to be accepted as soon as an acknowledgement for the same, bearing the Application Reference Number (ARN), is generated online. [Para 2(c) of Circular 8/2017 as amended by 40/2018 dated 6-4-18]

Documents for LUT

No document needs to be physically submitted to the jurisdictional office for acceptance of LUT. [Para 2(d) of Circular 8/2017 as amended by 40/2018 dated 6-4-18]

Acceptance of LUT/bond

An LUT shall be deemed to have been accepted as soon as an acknowledgement for the same, bearing the Application Reference Number (ARN), is generated online. If it is discovered that a supplier to SEZ Developer/Unit whose LUT has been so accepted, was ineligible to furnish an LUT in place of bond as per Notification No. 37/2017-Central Tax, then for the supplier to SEZ Developer/Unit, LUT will be liable for rejection. In case of rejection, the LUT shall be deemed to have been rejected ab initio." [Para 2(e) of Circular 8/2017 as amended by Notification No.40/2018 dated 6-4-18]

LUT in lieu of Bond [Rule 96A(5)]

The Board, by way of notification, may specify the conditions and safeguards under which a Letter of Undertaking may be furnished in place of a bond.

Conditions and safeguards for furnishing a Letter of Undertaking in place of a Bond by a registered person.

Notification No. 37/2017-Central Tax dated 04-10-2017 has clarified as under:

“All registered persons who intend to supply goods or services to SEZ Unit/Developer without payment of integrated tax shall be eligible to furnish a Letter of Undertaking in place of a bond except those who have been prosecuted for any offence under the Central Goods and Services Tax Act, 2017 (12 of 2017) or the Integrated Goods and Services Tax Act, 2017 (13 of 2017) or any of the existing laws in force in a case where the amount of tax evaded exceeds two hundred and fifty lakh rupees;”

Self-declaration for non-prosecution

Circular No. 37/11/2018 dated 15th March 2018 has clarified as under:

“It is learnt that some field formations are asking for a self-declaration with every refund claim to the effect that the claimant has not been prosecuted.

7.1 The facility of supply to SEZ Unit/ Developer under LUT is available to all exporters in terms of notification No. 37/2017- Central Tax dated 4th October, 2017, except to those who have been prosecuted for any offence under the CGST Act or the IGST Act or any of the existing laws in force in a case where the amount of tax evaded exceeds two hundred and fifty lakh rupees. Para 2(d) of the Circular No. 8/8/2017-GST dated 4th October, 2017, mentions that a person intending to export under LUT is required to give a
self-declaration at the time of submission of LUT that he has not been prosecuted. Persons who are not eligible to supply under LUT are required to supply under bond.

7.2 It is clarified that this requirement is already satisfied in case of supply to SEZ Unit/Developer under LUT and asking for self-declaration with every refund claim where the exports have been made under LUT, is not warranted.

The Letter of Undertaking shall be furnished on the letterhead of the registered person, in duplicate, for a financial year in the annexure to Form GST RFD – 11 referred to in sub-rule (1) of rule 96A of the Central Goods and Services Tax Rules, 2017 and it shall be executed by the working partner, the Managing Director or the Company Secretary or the proprietor or by a person duly authorised by such working partner or Board of Directors of such company or proprietor.

Where the registered person fails to pay the tax due along with interest, as specified under sub-rule (1) of rule 96A of Central Goods and Services Tax Rules, 2017, within the period mentioned in clause (a) or clause (b) of the said sub-rule, the facility of supply without payment of integrated tax will be deemed to have been withdrawn and if the amount mentioned in the said sub-rule is paid, the facility of export without payment of integrated tax shall be restored.

**Eligibility to supply to SEZ Unit/Developer under LUT**

The facility of supply to SEZ Unit/Developer under LUT has been now extended to all registered persons who intend to supply goods or services for export without payment of integrated tax except those who have been prosecuted for any offence under the CGST Act or the Integrated Goods and Services Tax Act, 2017 or any of the existing laws and the amount of tax evaded in such cases exceeds two hundred and fifty lakh rupees unlike Notification No. 16/2017-Central Tax dated 7th July, 2017 which extended the facility of supply under LUT to status holder as specified in paragraph 5 of the Foreign Trade Policy 2015-2020 and to persons receiving a minimum foreign inward remittance of 10% of the export turnover in the preceding financial year which was not less than Rs. one crore. [Para 2(a) of Circular 8/8/2017 dated 4-10-2017]

**Bank guarantee**

Since the facility of export under LUT has been extended to all registered persons, bond will be required to be furnished by those persons who have been prosecuted for cases involving an amount exceeding Rupees two hundred and fifty lakhs. A bond, in all cases, shall be accompanied by a bank guarantee of 15% of the bond amount. [Para 2(f) of Circular 8/2017 dated 4-10-2017]

**Clarification regarding running bond**

The supplier to SEZ Unit/Developer shall furnish a running bond where the bond amount would cover the amount of self-assessed estimated tax liability on the supply. The supplier shall ensure that the outstanding integrated tax liability on such supply is within the bond amount. In case the bond amount is insufficient to cover the said liability in yet to be completed supplies, the supplier shall furnish a fresh bond to cover such liability. The onus of maintaining the debit/credit entries of integrated tax in the running bond will lie with the supplier. The record of such entries shall be furnished to the Central tax officer as and when required. [Para 2(g) of Circular 8/2017 dated 4-10-2017]

**Obligation under LUT or Bond [Rule 96A(1)]**

In LUT or Bond the registered person binds himself to pay the tax due along with interest specified under sub-section (1) of section 50 within a period of—

(a) fifteen days after the expiry of three months, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for supply to SEZ Unit/Developer, if the goods are not supplied to SEZ Unit/Developer; or

(b) fifteen days after the expiry of one year, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for supply to SEZ Unit/Developer, if the payment of such services is not received by the supplier.
Restriction on claim of IGST Paid

No refund of unutilized input tax credit shall be allowed, if the supplier of goods or services or both claims refund of the integrated tax paid on such supplies. [Third Proviso to Section 54(3)]

Calculation of the Maximum Amount of Refund of Unutilized ITC [Rule 89(4)]

Availability of refund to be claimed in case of supplies made to SEZ unit or SEZ developer without payment of tax shall be worked out in accordance with the formula prescribed in rule 89(4) [Instruction No. 14 to RFD-01]

In the case of zero-rated supply of goods or services or both without payment of tax under bond or letter of undertaking in accordance with the provisions of sub-section (3) of section 16 of the Integrated Goods and Services Tax Act, 2017 (13 of 2017), refund of input tax credit shall be granted as per the following formula—

Refund Amount = (Turnover of zero-rated supply of goods + Turnover of zero-rated supply of services) × Net ITC ÷ Adjusted Total Turnover

Where,—

"Refund amount" means the maximum refund that is admissible;

"Net ITC" means input tax credit availed on inputs and input services during the relevant period other than the input tax credit availed for which refund is claimed under sub-rule (4A) or (4B) or both;

"Turnover of zero-rated supply of goods" means the value of zero-rated supply of goods made during the relevant period without payment of tax under bond or letter of undertaking, other than the turnover of supplies in respect of which refund is claimed under sub-rule (4A) or (4B) or both;

"Turnover of zero-rated supply of services" means the value of zero-rated supply of services made without payment of tax under bond or letter of undertaking, calculated in the following manner, namely:—

Zero-rated supply of services is the aggregate of the payments received during the relevant period for zero-rated supply of services and zero-rated supply of services where supply has been completed for which payment had been received in advance in any period prior to the relevant period reduced by advances received for zero-rated supply of services for which the supply of services has not been completed during the relevant period;

"Adjusted Total Turnover" means the sum total of the value of—

(a) the turnover in a State or a Union territory, as defined under clause (112) of section 2, excluding the turnover of services; and

(b) the turnover of zero-rated supply of services determined in terms of clause (D) of section 89(4) and non-zero-rated supply of services,

excluding—

(i) the value of exempt supplies other than zero-rated supplies; and

(ii) the turnover of supplies in respect of which refund is claimed under sub-rule (4A) or sub-rule (4B) or both, if any,

during the relevant period.’

(Hence the Turnover of zero rated supply of service on which tax has been paid stands excluded from the adjusted turnover.)

"Relevant period" means the period for which the claim has been filed.

**Purchases from manufacturer and Form CT-1:**

It is clarified that there is no provision for issuance of CT-1 form which enables merchant exporters to purchase goods from a manufacturer without payment of tax under the GST regime. The transaction between a manufacturer and a merchant exporter is in the nature of supply and the same would be subject to GST. [Para 2(i) of Circular 8/2017 dated 4-10-2017]
Transactions with EOUs

Zero rating is not applicable to supplies to EOUs and there is no special dispensation for them under GST regime. Therefore, supplies to EOUs are taxable like any other taxable supplies. EOUs, to the extent of exports, are eligible for zero rating like any other exporter [Para 2(i) of 8/2017 dated 4-10-2017]

In accordance with the decisions taken by the GST Council in its 22nd meeting held on 06.10.2017 at New Delhi to resolve certain difficulties being faced by exporters post-GST, it has been decided that supplies of goods by a registered person to EOUs etc. would be treated as deemed exports under Section 147 of the CGST Act, 2017 (hereinafter referred to as ‘the Act’) and refund of tax paid on such supplies can be claimed either by the recipient or supplier of such supplies. Accordingly, Notification No. 48/2017-Central Tax dated 18.10.2017 has been issued to treat such supplies to EOU/EHTP/STP/BTP units as deemed exports. Further, rule 89 of the CGST Rules, 2017 (hereinafter referred to as ‘the Rules’) has been mended vide Notification No. 47/2017- Central Tax dated 18-10-2017 to allow either the recipient or supplier of such supplies to claim refund of tax paid thereon. [Circular No.14/14/2017-GST, dated 6-11-2017]

The said intimation shall be given to:

(a) the registered supplier;
(b) the jurisdictional GST officer in charge of such registered supplier; and
(c) its jurisdictional GST officer.

Supply to EOU [Para 2(ii)]

The registered supplier thereafter will supply goods under tax invoice to the recipient EOU / EHTP / STP / BTP unit.

Endorsement of receipt by EOU [Para 2(iii)]

On receipt of such supplies, the EOU / EHTP / STP / BTP unit shall endorse the tax invoice and send a copy of the endorsed tax invoice to –

(a) the registered supplier;
(b) the jurisdictional GST officer in charge of such registered supplier; and
(c) its jurisdictional GST officer.

Proof of Deemed Export [Para 2(iv)]

The endorsed tax invoice will be considered as proof of deemed export supplies by the registered person to EOU / EHTP / STP / BTP unit.

Records to be maintained by EOU [Para 2(v)]

The recipient EOU / EHTP / STP / BTP unit shall maintain records of such deemed export supplies in digital form, based upon data elements contained in "Form-B". The software for maintenance of digital records shall incorporate the feature of audit trail. While the data elements contained in Form-B are mandatory, the recipient units will be free to add or continue with any additional data fields, as per their commercial requirements. All recipient units are required to enter data accurately and immediately upon the goods being received in, utilized by or removed from the said unit. The digital records should be kept updated, accurate, complete and available at the said unit at all times for verification by the proper officer, whenever required.
Form-B to Jurisdictional GST Officer [Para 2(v)]

A digital copy of Form – B containing transactions for the month, shall be provided to the jurisdictional GST officer, each month (by the 10th of the month) in a CD or Pen drive, as convenient to the said unit.

Who can file the application

In terms of the Third Proviso to Rule 89(1) either the Supplier or Recipient of Deemed Exports can file application

Provided also that in respect of supplies regarded as deemed exports, the application may be filed by,—

Limitation Period for making refund application

As per section 54(1), an application for refund is required to be made within 2 years from the relevant date. As per Explanation 2 to section 54, “relevant date” means:

(a) in the case of supply of goods regarded as deemed exports where a refund of tax paid is available in respect of the goods, the date on which the return relating to such deemed exports is furnished;

5.1.13 Refund of Compensation Cess

Para 8 of Circular 1/1/2017

Provisions of section 16 of the IGST Act, 2017, relating to zero rated supply will apply *mutatis mutandis* for the purpose of Compensation Cess (wherever applicable), that is to say that:

(a) Exporter will be eligible for refund of Compensation Cess paid on goods exported by him [on similar lines as refund of IGST under section 16(3) (b) of the IGST, 2017]; or

(b) No Compensation Cess will be charged on goods exported by an exporter under bond and he will be eligible for refund of input tax credit of Compensation Cess relating to goods exported [on similar lines as refund of input taxes under section 16(3) (a) of the IGST, 2017]

Refund of unutilized input tax credit of compensation cess availed on inputs in cases where the final product is not subject to the levy of compensation cess

Para 5 of Circular 45/19/2018 dated 30-05-2018 reads as under:

“5.1 Doubts have been raised whether an exporter is eligible to claim refund of unutilized input tax credit of compensation cess paid on inputs, where the final product is not leviable to compensation cess. For instance, cess is levied on coal, which is an input for the manufacture of aluminum products, whereas cess is not levied on aluminum products.

5.2 In this regard, section 16(2) of the Integrated Goods and Services Tax Act, 2017 (IGST Act for short) states that, subject to the provisions of section 17(5) of the CGST Act, credit of input tax may be availed for making zero rated supplies. Further, as per section 8 of the Goods and Services Tax (Compensation to States) Act, 2017, (hereafter referred to as the Cess Act), all goods and services specified in the Schedule to the Cess Act are leviable to cess under the Cess Act; and vide section 11 (2) of the Cess Act, section 16 of the IGST Act is *mutatis mutandis* made applicable to inter-State supplies of all such goods and services. Thus, it implies that all supplies of such goods and services are zero rated under the Cess Act. Moreover, as section 17(5) of the CGST Act does not restrict the availment of input tax credit of compensation cess on coal, it is clarified that a registered person making zero rated supply of aluminum products under bond or LUT may claim refund of unutilized credit including that of compensation cess paid on coal.

5.3 Such registered persons may also make zero-rated supply of aluminum products on payment of integrated tax but they cannot utilize the credit of the compensation cess paid on coal for payment of integrated tax in view of the proviso to section 11(2) of the Cess Act, which allows the utilization of the input tax credit of cess, only for the payment of cess on the outward supplies. Accordingly, they cannot claim refund of compensation cess in case of zero-rated supply on payment of integrated tax.”

5.1.14 Refund on account of Excess or Erroneous Deduction

As per section 51(8), the refund to the deductor or the deductee arising on account of excess or erroneous deduction shall be dealt with in accordance with the provisions of section 54.

In terms of the Proviso to this section no refund to the deductor shall be granted, if the amount deducted has been credited to the electronic cash ledger of the deductee.

“The GST Council, in its 23rd meeting held at Guwahati on 10th November 2017, has decided that the
entities having Unique Identity Number (UIN) may be given centralized registration at the option of such entities. Facility of single UIN is optional and an entity may seek more than one UIN.

The facility of centralized UIN ensures that irrespective of the type of tax (CGST, SGST, IGST or Cess) and the State where such inward supply of goods or services have been procured, all refunds would be processed by Central authorities only. Therefore, field formations are advised that all refunds are to be processed on merits irrespective of where and which type of tax is paid on inward supply of goods or services or both by such entities.

Further, it was also decided that the Central Government will be responsible for all administrative compliances in respect of such entities."

**UINs through REG-13**

Entities having UINs are given a special status under the CGST Act as these are not covered under the definition of registered person. These entities have been granted UINs to enable them to claim refund of GST paid on inward supply of goods or services or both received by them. Therefore, if any such entity is making supply of goods or services or both in the course or furtherance of business then such entity will need to apply for GSTIN as per the provisions contained in the CGST Act read with the rules made thereunder.

The process for applying for UIN has been outlined under Rule 17 of the Central Goods and Services Tax Rules, 2017 (hereinafter referred to as “CGST Rules”). As stated in the said rule, any person covered under clause (a) of sub-section (9) of section 25 of the CGST Act may submit an application electronically in Form GST REG-13 on the common portal. Therefore, Specialised agency of the United Nations Organisation or any Multilateral Financial Institution and Organisation notified under the United Nations (Privileges and Immunities) Act, 1947, Consulate or Embassy of foreign countries shall apply for grant of UIN electronically by filling Form GST REG-13.

**Alternative Mechanism for REG-13**

Due to delays in making available Form GST REG-13 on the common portal, an alternative mechanism has been developed. Entities covered under clause (a) of sub-section (9) of Section 25 of the CGST Act may approach the Protocol Division, Ministry of External Affairs in this regard, who will facilitate grant of UINs in coordination with the Central Board of Excise and Customs (CBEC) and GSTN.

**Form of Application**

5.1.21 Refund of Central Share in CGST & IGST in hilly areas

Scope of Area and Period Covered by Scheme

1.1 In pursuance of the decision of the Government of India to provide budgetary support to the existing eligible manufacturing units operating in the States of Jammu & Kashmir, Uttarakhand, Himachal Pradesh and North Eastern States including Sikkim under different Industrial Promotion Schemes of the Government of India, for a residual period for which each of the units is eligible, a new scheme has been introduced. The new scheme is offered, as a measure of goodwill, only to the units which were eligible for drawing benefits under the earlier excise duty exemption/refund schemes but has otherwise no relation to the erstwhile schemes.

Taxes Covered by Scheme

1.2 Units which were eligible under the erstwhile Schemes and were in operation through exemption notifications issued by the Department of Revenue in the Ministry of Finance, as listed under para 2 below would be considered eligible under this scheme. All such notifications have ceased to apply w.e.f. 01.07.2017 and stands rescinded on 18.07.2017 vide notification no. 21/2017 dated 18.07.2017. The scheme shall be limited to the tax which accrues to the Central Government under
Central Goods and Service Act, 2017 and Integrated Goods and Services Act, 2017, after devolution of the Central tax or the Integrated tax to the States, in terms of Article 270 of the Constitution.

**Eristwhile Schemes**

2. The erstwhile Schemes which were in operation on 18.07.2017 were as follows:

2.3 **North East States including Sikkim** - Notification no 20/2007-CE dated 25.04.2007 as amended from time to time.

3. **SHORT TITLE AND COMMENCEMENT**

3.1 The scheme shall be called Scheme of Budgetary Support under Goods and Services Tax (GST) Regime to the units located in State of Jammu & Kashmir, Uttarakhand, Himachal Pradesh and North Eastern States including Sikkim. The said Scheme shall come into operation w.e.f. 01.07.2017 for an eligible unit (as defined in para 4.1) and shall remain in operation for residual period (as defined in para 4.3) for each of the eligible unit in respect of specified goods (as defined in para 4.2). The overall scheme shall be valid upto 30.06.2027.

3.2 **OBJECTIVE**

The GST Council in its meeting held on 30.09.2016 had noted that exemption from payment of indirect tax under any existing tax incentive scheme of Central or State Governments shall not continue under the GST regime and the concerned units shall be required to pay tax in the GST regime. The Council left it to the discretion of Central and State Governments to notify schemes of budgetary support to such units. Accordingly, the Central Government in recognition of the hardships arising due to withdrawal of above exemption notifications has decided that it would provide budgetary support to the eligible units for the residual period by way of part reimbursement of the Goods and Services Tax, paid by the unit limited to the Central Government’s share of CGST and/or IGST retained after devolution of a part of these taxes to the States.

4. **DEFINITIONS**

4.1 ‘Eligible unit’ means a unit which was eligible before 1st day of July, 2017 to avail the benefit of ab-initio exemption or exemption by way of refund from payment of central excise duty under notifications, as the case may be, issued in this regard, listed in para 2 above and was availing the said exemption immediately before 1st day of July, 2017. (a) The premises under Central Excise with a registration number, as it existed prior to migration to GST; or

(b) The manufacturing premises registered in GST as a place of business from where the said
goods under exemption notification no. 49/2003-CE dated 10.06.2003 and 50/2003-CE dated 10.06.2003 were being cleared

4.3 'Residual period' means the remaining period out of the total period not exceeding ten years, from the date of commencement of commercial production, as specified under the relevant notification listed in paragraph 2, during which the eligible unit would have been eligible to avail exemption for the specified goods. 5. DETERMINATION OF THE AMOUNT OF BUDGETARY SUPPORT

5.1 The amount of budgetary support under the scheme for specified goods manufactured by the eligible unit shall be sum total of –

Explanation-I

| a | Sum total worked out under clause (i) & (ii) | Rs. 200 |
| b | Percentage value of inputs procured under Composition Scheme out of total value of inputs procured | 20% |
| c | Admissible amount out of (a) above | Rs. (200-20% of 200) = Rs. 160 |

Explanation- II

(b) To avail benefit of this scheme, eligible unit shall first utilize input tax credit of Central tax and Integrated tax and balance of liability, if any, shall be paid in cash and where this condition is not fulfilled, the reimbursement sanctioning officer shall reduce the amount of budgetary support payable to the extent credit of Central tax and integrated tax, is not utilized for payment of tax.

5.3 Notwithstanding, the rescinding of the exemption notifications listed under para 2 above, the limitations, conditions and prohibitions under the respective notifications issued by Department of Revenue as they existed immediately before 01.07.2017 would continue to be applicable under this scheme. Activity relating to concealment of input tax credit, purchase of inputs from unregistered suppliers (unless specifically exempt from GST registration) or routing of third party production or other activities aimed at enhancing the amount of budgetary support by mis-declaration would be treated as fraudulent activity and, without prejudice to any other action under law may invite denial of benefit under the scheme ab-initio. The units will have to declare total procurement of inputs from unregistered suppliers and from suppliers working under Composition Scheme under CGST Act, 2017.

5.6 The grant of budgetary support under the scheme shall be subject to compliance of provisions relating to any other law in force.

5.7 The manufacturer applying for benefit under this scheme for the first time shall also file the following documents:

(a) the copy of the option filed by the manufacturer with the jurisdictional Deputy Commissioner/Assistant Commissioner of Central Excise officer at the relevant point of time, for availing the exemption notification issued by the Department of Revenue;

5.2.4 Filing frequency of Refunds

Circular 37/11/2018-GST dated 15-03-2018 provides as under:

11. Section 2(107) of the CGST Act defines the term "tax period" as the period for which the return is required to be furnished. The terms ‘Net ITC’ and ‘turnover of zero rated supply of goods/services’ are used in the context of the relevant period in rule 89(4) of CGST Rules. The phrase ‘relevant period’ has been defined in the said sub-rule as ‘the period for which the claim has been filed’.

11.1 In many scenarios, exports may not have been made in that period in which the inputs or input services were received and input tax credit has been availed. Similarly, there may be cases where exports may have been made in a period but no input tax credit has been availed in the said period. The above referred rule, taking into account such scenarios, defines relevant period in the context of the refund claim and does not link it to a tax period.

11.2 In this regard, it is hereby clarified that the exporter, at his option, may file refund claim for one calendar month / quarter or by clubbing successive calendar months / quarters. The calendar month(s) / quarter(s) for which refund claim has been filed, however, cannot spread across different financial years.”

**Requirement of invoices for processing of claims for refund: [Para 14.1 of Circular 37/11/2018]**

It was envisaged that only the specified statements would be required for processing of refund claims because the details of outward supplies and inward supplies would be available on the common portal which would be matched. Most of the other information like shipping bills details etc. would also be available because of the linkage of the common portal with the Customs system. However, because of delays in operationalizing the requisite modules on the common portal, in many cases, suppliers’ invoices on the basis of which the exporter is claiming refund may not be available on the system. For processing of refund claims of input tax credit, verifying the invoice details is quintessential. In a completely electronic environment, the information of the recipients’ invoices would be dependent upon the suppliers’ information, thus putting an in-built check-and-balance in the system. However, as the refund claims are being filed by the recipient in a semi-electronic environment and is completely based on the information provided by them, it is necessary that invoices are scrutinized.

However, in Circular No. 59/2018 dated 4-10-2018, it has been clarified that:

(a) Refund claim shall be accompanied by a print-out of Form GSTR-2A of the claimant for the relevant period for which the refund is claimed.

(b) The proper officer shall rely upon Form GSTR-2A as an evidence of the accounting of the supply by the corresponding supplier in relation to which the input tax credit has been availed by the claimant. It is emphasized that the proper officer shall not insist on the submission of an invoice (either original or duplicate) the details of which are present in Form GSTR-2A of the relevant period submitted by the claimant.

(c) Hard copies of invoices shall be filed where claim of ITC does not appear in GSTR-2A

(d) Details of Invoices on the basis of which refund of ITC is claimed shall be submitted in the following format manually along with RFD-01A and ARN:
**Calculation of Refund as per system validation [Circular No. 59/2018 dated 4-10-2018]**

The refundable amount as per system validation is the lowest of the following:

(a) Amount calculated as per Rule 89(4) or 89(5) [Calculation to be applied on consolidated amount of IGST/CGST and SGST]

(b) Balance in electronic credit ledger at the end of period for which refund is claimed

(c) Balance in electronic credit ledger at the time of claim of refund

**Manner of Debiting Calculated Refund Amount [Circular No. 59/2018 dated 4-10-2018]**

The amount shall be debited in the following order:

(a) Integrated Tax, to the extent possible

(b) Central tax and State tax/Union Territory tax, equally to the extent of balance available.

(c) In the event of a *shortfall in the balance* available in a particular electronic credit ledger (say, Central tax), the differential amount is to be debited from the other electronic credit ledger (i.e., State tax/Union Territory tax, in this case)

**Status of validation for Availability of Debiting the amount in the portal [Circular No. 59/2018 dated 4-10-2018]**

(a) The above method of debiting the amount is *not presently available* in the portal.

(b) Till the time such facility is made available on the common portal, the taxpayers are advised to follow the order as explained above for all refund applications filed after the date of issue of this Circular

(c) For applications already filed and pending with the tax authorities, where this order is not adhered to by the claimant, no adverse view may be taken by the tax authorities.

(d) The above system validations are being clarified so that there is no ambiguity in relation to the process through which an application in Form GST RFD-01A is generated.

(e) Refund application can be filed only after the electronic credit ledger has been debited in the manner specified above and ARN is generated on the portal

**Process of Recording Final Order [para 2.9 of Circular 17/17/2017 dated 15-11-2017]**

After the sanction of provisional refund, the claim shall be processed and the final order issued within sixty days of the date of receipt of the complete application form. The process shall be recorded in the refund register as in the table indicated below:

**Rejection of Refund and Re-Credit [Para 2.10 of Circular 17/17/2017 dated 15-11-2017]**

After the refund claim is processed in accordance with the provisions of the CGST Act and the rules made thereunder and where any amount claimed as refund is rejected under rule 92 of the CGST Rules, either fully or partly, the amount debited, to the extent of rejection, shall be re-credited to the electronic credit ledger by an order made in Form GST PMT-03. The amount would be credited by the proper officer using Form GST RFD-01B (as notified in the CGST Rules vide notification No. 55/2017 – Central Tax dated 15.11.2017) subject to the provisions of rule 93 of the CGST Rules

**Re-credit of Electronic Credit Ledger in case of Rejection of Refund claim [Circular No. 59/2018 dated 4-10-2018]**

(a) Order for rejection to be passed in RFD-01B for the purpose of re-credit.

(b) Before re-credit an undertaking from the claimant to the effect that he shall not file an appeal against the said rejection, be obtained. If claimant files appeal, recredit to be done only after the appeal is finally decided against the claimant.

(c) For ineligible credits the amount can be paid voluntarily with interest with DRC-03. Acknowledgement in DRC-04 to be issued by proper officer. In case of fraud, willful misstatement or suppression of facts, penalty @ 15% also to be paid. (The amount should be paid before re-credit in RFD-01B)

(d) For ineligible credits demand notice to be simultaneously issued u/s 73/74 along with RFD-01B

(e) For ineligible credits, Claimant can pay the amount voluntarily u/s 73(5)/74(5) along with interest in DRC-03 within 30 days from show cause notice. In case of section 74(5), if the amount and interest along with penalty @ 25% is paid within 30 days from issue of SCN, the proceedings shall be dropped.

Demand Confirmed u/s 73(9)/74(9) to be posted to Electronic liability ledger through DRC-07

**Payment of Refund by respective State Authorities [Para 4 of Circular 17/17/2017 dated 15-11-17]**

The refund application for various taxes i.e. CT / ST / UT / IT/ Cess can be filed with any one of the tax authorities and shall be processed by the said authority; however, the payment of the sanctioned refund amount shall be made only by the respective tax authority of the Centre or State government. In other words, the payment of the sanctioned refund amount in relation to CT / IT / Cess shall be made by the Central tax authority while payment of the sanctioned refund amount in relation to ST / UT would be made
by the State tax/Union territory tax authority. It therefore becomes necessary that the refund order issued either by the Central tax authority or the State tax/UT tax authority is communicated to the concerned counter-part tax authority within three days for the purpose of payment of the relevant sanctioned refund amount of tax or cess, as the case may be.

However, vide Para 5 of Circular 24/2017 dated 21-12-2017, the refund order issued either by the Central tax authority or the State tax/UT tax authority shall be communicated to the concerned counterpart tax authority within seven working days for the purpose of payment of the relevant sanctioned refund amount of tax or cess, as the case may be. This time limit of seven working days is also applicable to refund claims in respect of zero-rated supplies being processed as per Circular No. 17/17/2017-GST dated 15.11.2017 against the time limit of three days prescribed in para 4 of the said Circular. It must be ensured that the timelines specified under section 54(7) and rule 91(2) of the CGST Rules for the sanction of refund are adhered to.

Appointment of Nodal Officers

In order to facilitate sanction of refund amount of central tax and State tax by the respective tax authorities, it has been decided that both the Central and State Tax authority shall nominate nodal officer(s) for the purpose of liasoning through a dedicated e-mail id. Where the amount of central tax and State tax refund is ordered to be sanctioned provisionally by the Central tax authority and a sanction order is passed in accordance with the provisions of rule 91(2) of the CGST Rules, the Central tax authority shall communicate the same, through the nodal officer, to the State tax authority for making payment of the sanctioned refund amount in relation to State tax and vice versa. The aforesaid communication shall primarily be made through e-mail attaching the scanned copies of the sanction order [Form GST RFD-04 and Form GST RFD-06], the application for refund in Form GST RFD-01A and the Acknowledgement Receipt Number (ARN). Accordingly, the jurisdictional proper officer of Central or State Tax, as the case may be, shall issue Form GST RFD-05 and send it to the DDO for onward transmission for release of payment. After release of payment by the respective PAO to the applicant’s bank account, the nodal officer of Central tax and State tax authority shall inform each other. The manner of communication as referred earlier shall be followed at the time of final sanctioning of the refund also.

Counterpart disbursing tax authority not to withhold refund except against outstanding demand [Circular No. 59/2018 dated 4-10-2018]

If any discrepancy is noticed by the disbursing authority, the same should be brought to the notice of the counterpart refund sanctioning authority, the concerned counterpart reviewing authority and the nodal officer, but the disbursal of the refund should not be withheld. Neither the State nor the Central tax authorities shall refuse to disburse the amount sanctioned by the counterpart tax authority on any grounds whatsoever, except under sub-section (11) of section 54 of the CGST Act. It is further clarified that any adjustment of the amount sanctioned as refund against any outstanding demand against the claimant can be carried out by the refund disbursing authority if not already done by the refund sanctioning authority.

Frequency of filing Refund claim [Para 2 of Circular 24/2017 dated 21-12-17]

Refund claims in respect of zero-rated supplies and on account of inverted duty structure, deemed exports and excess balance in electronic cash ledger, shall be filed for a tax period on a monthly basis in Form GST RFD-01A. However, in case registered persons having aggregate turnover of up to Rs 1.5 crore in the preceding financial year or the current financial year are opting to file Form GSTR-1 quarterly (notification No. 57/2017-Central Tax dated 15.11.2017), such persons shall apply for refund on a quarterly basis. GSTR-1 of relevant tax period and GSTR-3B of last tax period should have been filed [Para 2 of Circular 24/2017 dated 21-12-17]

Further, it is stated that the refund claim for a tax period may be filed only after filing the details in Form GSTR-1 for the said tax period. It is also to be ensured that a valid return in Form GSTR-3B has been filed for the last tax period before the one in which the refund application is being filed.
In case of a claim for refund of balance in the electronic cash ledger filed by an ISD or a composition taxpayer and the claim for refund of balance in the electronic cash and/or credit ledger by a non-resident taxable person, the filing of the details in Form GSTR-1 and the return in Form GSTR-3B is not mandatory. Instead, the return in Form GSTR-4 filed by a composition taxpayer, the details in Form GSTR-6 filed by an ISD and the return in Form GSTR-5 filed by a non-resident taxable person shall be sufficient for claiming the said refund. [Para 3.3 of Circular 45/19/2018 dated 30-05-2018]

Further vide Notification 10/2018, State officers are also empowered to sanction refund of Integrated tax paid on export of services.

Hence the State officers are not empowered to sanction refund of Integrated tax paid on export of goods under Rule 96(1) to (8) and Rule 96(10).

6.1 How to Track Refund Status

1. Exporters should track refund status and errors pertaining to their shipping bills on the ICEGATE website.

2. Link for getting logged or registered is https://www.icegate.gov.in/iceLogin/loginAction. One has to get registered as per one's user role of Airline, console agents, custodian, custom broker/CHA, IEC Holder, Others Shipping Line, Shipping Agents etc. Registration to be done by using digital signatures after uploading self-attested scanned copy of authorization letter on the letter head of company/agency, self-attested scanned copy of license, photo ID (Passport, Voter ID, Aadhar, Driving Licence, etc.).

3. Once the registration is obtained, the exporters can check the status of IGST refunds associated with their exports and the corresponding error message, if any.

4. The refund status can be checked by providing GSTIN, Port Code and Return month as inputs.

5. On the basis of above inputs, Shipping Bill Number, Shipping Bill date, Return month, Invoice number, Invoice Date, Response Code and Processed Date are displayed.

6.2 Reasons for Hiccups in Refunds

6.2.1 Data not being transmitted from GSTN to Customs System [ICES]

Only 32% of record on GSTN has been transmitted to ICES [Indian Customs EDI system]. The Reasons are as follows:

(a) Table 6A of GSTR-1 and GSTR-3B not filed.

(b) Details of Shipping bill and port number/code not mentioned in Table 6A/GSTR-1. Port code is alphanumeric six characters code as prescribed by ICEGATE. Port codes are available at ICEGATE under https://www.icegate.gov.in/SMTPLList.html. Invoices, which don’t have these details, shall not be sent to ICEGATE for further processing, because such invoices are treated and export of services.

(c) IGST paid in Table 3.1(b) of GSTR 3B is lesser than total IGST claimed in Table 6A of GSTR-1 for the same period. It is one of validation check by GSTIN that aggregate IGST paid amount claimed in Table 6A of GSTR-1 is not higher than IGST paid amount indicated in Table under column 3.1(b) of GSTR-3B of corresponding month.

(d) Total IGST, payable through export invoices specified under Table 6A of GSTR 1, is not specified correctly under Table 3.1(b) of GSTR3B and incorrectly mentioned under Table 3.1(a) [domestic supplies]

(e) While correct details of exports have been declared in Table 6A of GSTR-1, in GSTR-3B, export data has been disclosed as domestic supplies.

(f) Taxpayer mentioned exports against LUT under Shipping Bills without tax, whereas declared such export as IGST paid, under GST System. [Exports declared “NA” instead of “P” in Shipping Bill]

(g) Further, some taxpayers who had filed GSTR 1E (Table 6A) with deficiencies, due to which their refund of IGST paid on export were not processed, subsequently, filed GSTR 1 with corrected data of
Table 6A. However, such data was not allowed to be integrated again in Table 6A because the taxpayer had already filed his GSTR 1E (Table 6A). In such case, the taxpayer has to amend his Table 6A data through Table 9A of subsequent GSTR 1. [Q No. 8 of FAQ on IGST refunds dated 15-2-18 and advisory on IGST refunds]

Presumptive Measures

(a) To ensure that the GST System transmits the export invoice data, in case of export of goods with payment of IGST, to ICEGATE for refund, Exporters need to provide Complete and Correct Data while filing Table 6A of GSTR-1 as under:

- Invoice No. and Date (Tax invoice and not commercial invoice). Please note, if you are using offline tool for GSTR 1, the date format is dd-mmm-yyyy e.g. 15th July 2017 will be written as 15-Jul-2017 and not like 15/07/2017.
- Select from drop down list (WPAY- with payment of tax)/WOPAY- without payment of tax. (Invoices selected as WOPAY are not eligible for refund from ICEGATE)
- Shipping Bill No. & Date.
- Six Digit Port Code should be mentioned correctly.
- **Invoice Value**: It is the total value of export goods covered by the invoice including of tax and other charges, if any.
- **Taxable Value**: It is the value of goods, on which tax is paid. (Value net of tax).
- **Tax Paid IGST**, only in case, where the export is done on payment of IGST.

(b) To ensure that the GST System transmits the export invoice data, in case of export of goods with payment of IGST, to ICEGATE for refund, Exporters need to maintain consistencies between data provided at GST Portal and ICEGATE Portal while filing Table 6A of GSTR-1. Invoice details specified under Table 6A of GSTR-1 should match with what is mentioned in the Shipping bills at ICEGATE. Please note that the invoice value data should match with that shown in shipping Bill.

(c) To ensure that the GST System transmits the export invoice data, in case of export of goods with payment of IGST, to ICEGATE for refund, Exporters should make payment of Tax and File Return as under:

- File Form GSTR-3B of corresponding period.
- In case of export of goods, the IGST amount paid should be shown through Table 3.1(b) of GSTR-3B and amount must be equal to or greater than the total IGST amount shown in Table 6A, and Table 6B, of GSTR-1 for the corresponding tax period.

Remedial Action: Adjustment in GSTR-3B of subsequent month

It is clarified that as return in Form GSTR-3B do not contain provisions for reporting of differential figures for past month(s), the said figures may be reported on net basis along with the values for current month itself in appropriate tables i.e. Table No. 3.1, 3.2, 4 and 5, as the case may be. It may be noted that while making adjustment in the output tax liability or input tax credit, there can be no negative entries in the Form GSTR-3B. The amount remaining for adjustment, if any, may be adjusted in the return(s) in Form GSTR3B of subsequent month(s) and, in cases where such adjustment is not feasible, refund may be claimed. Where adjustments have been made in Form GSTR-3B of multiple months, corresponding adjustments in Form GSTR-1 should also preferably be made in the corresponding months. [Para 4 of Circular 26/26/2017 dated 29-12-17].

To sum up-

1. If IGST paid has been reported in GSTR-3B in 3.1(a)[domestic supplies] instead of 3.1(b)[exports]
and IGST shown to have been paid under Table 6A of GSTR 1 of that tax period, appropriate adjustment may be done in subsequent month.

2. If IGST paid on exports has been declared as ZERO in Table 3.1(b), whereas, IGST shown to have been paid under Table 6A of GSTR 1 for that tax period, the correct amount can be declared and offset while filing GSTR 3B of subsequent tax period.

3. If IGST paid on exports declared in Table 3.1(b) is lesser that the total IGST shown to have been paid under Table 6A and Table 6B of GSTR 1, differential amount of IGST can be paid through GSTR 3B of subsequent tax period.

In all these cases, GST System shall aggregate the amount of IGST shown to have been paid under Table 6A/6B and 9A of GSTR 1 and the aggregate IGST amount actually paid through Table 3.1(b) and validation will be done on the basis of cumulative IGST amount of multiple tax period.

Further, where it is not possible to compute the correct value of 3.1(b) using system logic, GST field officers need to be deputed in Customs Houses in order to specifically scrutinize the returns and seek necessary clarifications from the exporter where ever necessary. The GST officers shall reconcile the data submitted by exporters in GSTR-1 and GSTR 3B so as to enable those cases to be processed further. The officers would compare the aggregate data of inter-State supplies declared in Table 4,5,6A and 7B along with amendments if any declared Table 9,10 and 11 of GSTR-1 with the aggregate data of inter-State supplies declared in Table 3.1 of Form GSTR-3B. Thereafter if aggregate values get matched, then the officer would calculate the notional value of Table 3.1(b) on the basis of reconciliation. The notional value shall be equal to or greater than value of exports value and IGST paid in Table 6A of GSTR-1. Only in cases where it can be established that mistake is only on account of feeding details as discussed above, the officer may send the reconciled data to Customs Systems for further processing in following annexure [Para II of F.NO. 450/35/2018-CUS IV dated 28-03-2018]

4. Field formations may take in writing from the exporters about the errors made while filing Table 3.1(b) of GSTR 3B. The officers have to ensure that revised values submitted by exporters in Table 6A of GSTR 1 shall be less than or equal to that in 3.1(b) of GSTR 3B. 5. Refund Hiccups & Resolution

(ii) E Mails to Exporters
E-mails shall be sent by GSTN to each exporter referred in para (i) above so as to inform the exporter that their records are held up due to short payment of IGST. The e-mail shall also advise the exporters to observe the procedure under this circular.

(iii) Payment of IGST short paid
The exporters would have to make the payment of IGST equal to the short payment in GSTR 3B of subsequent months so as to ensure that the total IGST refund being claimed in the Shipping Bill/GSTR-1(Table 6A) is paid.

Submission of Proof of Payment
The proof of payment shall be submitted to Assistant/Deputy Commissioner of Customs in charge of port from where the exports were made. In case there are exports from multiple ports, the exporter is at liberty to choose any of the ports of export

(iv) Where IGST Refund up to Rs. 10 lakhs
Where the aggregate IGST refund amount for the said period is upto Rs. 10 lacs, the exporter shall submit proof of payment (self-certified copy of challans) of IGST payment to the concerned Customs office at the port of export.

Where IGST Refund is more than 10 lakhs
However, where the aggregate IGST refund amount for the said period is more than Rs. 10 lacs, the exporter shall submit proof of payment (self-certified copy of challans) of IGST to the concerned Customs office at the port of export along with a certificate from Chartered Accountant that the shortfall amount has been liquidated.

(v) Undertaking from Exporter
The exporter would give an undertaking that they would return the refund amount in case it is found to be not due to them at a later date

(vi) List of Such Exporters to be Compiled
The Customs zones shall compile the list of exporters (GSTIN only), who have come forward to claim refund after making requisite payment of IGST towards short paid amount and complied with other prescribed requirements.

(vii) Forwarding of Complied List to DG (Audit)
The compiled list may be forwarded to Customs policy wing, DG (Audit) and DG (GST). Customs policy wing shall forward the said list of GSTINs to GSTN. On receipt of the list of exporters from Customs policy wing, GSTN shall transmit the records of those exporters to Customs EDI system.

(viii) Certificate from CA till 31-10-18
The exporters whose refunds are processed/sanctioned as above would be required to submit another certificate from Chartered Accountant before 31st October, 2018 to the same Customs office at the port of export to the effect that there is no discrepancy between the IGST amount refunded on exports and the actual IGST amount paid on exports of goods for the period July’ 2017 to March’ 2018.

Copy of CA Certificate to GST Department
A copy of the certificate shall also be submitted to the jurisdictional GST office (Central/State). The concerned Customs zone shall provide the list of GSTINs who have not submitted the CA certificate to the Board by the 15th November 2018.

(ix) Adverse Effect of Non-submission of CA Certificate
Non-submission of CA certificate shall affect the future IGST refunds of the exporter.
**Post refund audit**

- The exporters would be subjected to a post refund audit under the GST law. DG (Audit) shall include the above referred GSTINs for conducting Audit under the GST law. The inclusion of IGST refund aspects in Audit Plan of those units may be ensured by DG (Audit). In case, departmental Audit detects excess refunds to the exporters under this procedure, the details of such detections may be communicated to the concerned GST formations for appropriate action.

- DG (GST) shall send the list of exporters to jurisdictional GST officers (both Centre/State) informing that these exporters have taken benefit of the procedure prescribed in this circular. The jurisdictional GST formations shall also verify the payment particulars at their end.

- This Circular deals only with the cases where the records have not been transmitted by GSTN to Customs EDI system. Once the records are transmitted by GSTN to Customs System based upon the above-mentioned procedure, the usual procedure adopted in case of sanction of IGST refunds would have to be followed. In cases where the errors like SB005, SB002, SB006 etc. are encountered with the records so transmitted, the provisions of Circulars issued by Board earlier shall apply to them.

**Export under IGST payment wrongly declared without payment in Shipping Bill [Para 2(ii) of Circular 8/2017-Cus. dated 23-3-2018**

Where in shipping bills, exporters have wrongly mentioned the status of IGST payment as “NA” (without payment) instead of mentioning “P” (with IGST payment), despite the fact that IGST has been paid and reflected in GSTR-3B/Table 6A of GSTR-1, manual interface by officer has been allowed after the officer is satisfied about actual payment of IGST based on GST return information forwarded by GSTN. DG(Sys) to open physical interface for the purpose.

**Declaration of Cess Amount as IGST**

In the absence of cess column in GSTR-1 Table 6A, the cess amount has been clubbed in IGST, thereby resulting refund claim in Table 6A being higher than IGST paid as per 3.1(b) of GSTR-3B

For non-transmission on account of failure of this validation, the matter has been taken up with GSTN and CCA for resorting to system based solutions [F.NO. 450/35/2018 -CUS IV dated 28-03-2018].

**6.2.2 Mismatch of GST Invoice and Shipping Bill Details [SB001, SB003 and SB005]**

<table>
<thead>
<tr>
<th></th>
<th>The most common error is SB001 and SB005 i.e. due to mismatch of invoice number, taxable value and IGST paid in shipping bill vis a vis the same details mentioned in GSTR-1/Table 6A or GSTIN declared in the shipping bills with GSTIN used to fill the corresponding GST returns.</th>
</tr>
</thead>
<tbody>
<tr>
<td>2.</td>
<td>The above error is due to the fact that exporters are using two sets of invoices, one invoice for GST and another Commercial Invoice for Customs which is resulting in mismatch of invoice numbers, including mismatch of taxable value and IGST paid in those invoices.</td>
</tr>
<tr>
<td>3.</td>
<td>Hence to curb this problem, it is necessary that Invoice number, taxable value and IGST paid mentioned in GSTR-1 and the shipping bill match with each other and the invoice issued is compliant with the GST Invoice Rules.</td>
</tr>
</tbody>
</table>
| 4. | How to redress this problem  
  a) If the mismatch is due to data entry mistake in GSTR-1 Table 6A, [SB001] or due to wrong GSTIN mentioned in it [SB003], mistake can be rectified in GSTR-1 by amendment Table 9A available in exporter's log in at GST portal w.e.f. 15-12-2017 as below: |
Refund Hiccups & Resolution

b) But mistake in shipping bill cannot be rectified once Export General Manifest [EGM] has been filed. Hence this mistake cannot be rectified by amendment Table 9A in GSTR-1.

c) Also if different invoice is used for shipping bill and GSTR-1, the exporter cannot include that invoice in his GSTR instead of his GST Invoice.

d) Hence most of the mismatches in Table 6A/GSTR-1 and Shipping bill cannot be rectified by any amendment either in GSTR-1 or in shipping bill.

e) Considering large number of shipping bills failing in refund procedure due to invoice mismatch, an interim alternative mechanism has been approved by Finance Ministry for a specified period wherein invoice matching was replaced with Shipping bill matching. The alternative mechanism was notified by Customs Circular 5/2018 dated 23-2-18 applicable for shipping bills filed till 31-12-17; however, by Customs Circular No. 8/2018 dated 23-03-2018, this period has been extended to shipping bills filed up to 28-02-2018. Thereafter vide Circular 15/2018, CBIC extended the facility of officer interface to shipping bills filed up to 30-04-2018. Further vide Circular 22/2018-Customs dated 18-07-2018, this facility has further been extended for shipping bills filed up to 30-06-2018.

f) In this procedure, Shipping bills stuck in SB005 with only one invoice declared against them, both at customs as well as GSTR-1, were considered for refund sanction based on certain parameters.

g) For remaining cases also, a mechanism is being considered by the CBEC.

h) These interim measures are available as one time measure only.

i) The alternative mechanism envisages an officer interface on the Customs EDI System through which customs officer can verify the information furnished in GSTN and Customs EDI system and sanction refund in those cases where invoice details provided in GSTR-1/Table 6A are correct though the said details provided in shipping bills were at variance.

j) Under the alternate mechanism, self-certified copy of a concordance table indicating the mapping between GST Invoices and corresponding shipping bill invoices to be filed in support of refund claim to the concerned AC/DC of the port of Export.

Format of concordance Table Port Code Wise

<table>
<thead>
<tr>

<th>S,No.</th>
<th>Corresponding SB No/Date</th>
<th>Taxable Value as per SB</th>
<th>IGST Amt as per SB</th>
<th>Final IGST Corrected Amount as per actual exports</th>
</tr>
</thead>
</table>

k) A scanned copy of concordance Table may also be sent to dedicated email address of Customs location from where exports took place.
The officer shall verify the following:

i. Duly certified concordance Table submitted by the exporter as per Annexure A indicating mapping between GST invoice and corresponding Shipping Bill invoice.

ii. IGST taxable value and IGST amount declared in the Shipping Bill.

iii. IGST details declared in the Shipping Bill should be in proportion to the goods actually exported.

After determining the correct refund amount, the officer needs to enter the same into the Customs EDI system.

The officer has the facility to edit the IGST paid details in case of short shipment or incorrect calculation by the exporter. The officer shall complete the verification by accepting or rejecting or amending the same.

Once all the invoices pertaining to Shipping Bill are verified by the officer, the system shall calculate the scroll amount against a shipping bill, after subtracting the drawback amount for each invoice where applicable, and display the refund amount to the officer for approval.

Invoices in any particular GSTR 1 where refund is sanctioned shall be disabled in the system to prevent refund against same invoice in future.

Once refund is sanctioned by the officer, the shipping bills would be available for generating scroll as per normal process.

5 SB003: This error occurs when there is mismatch between GSTIN Entity mentioned in the shipping bill and the one filing GSTR-1/GSTR-3B. This happens mostly in cases where an entity filing shipping bill is a registered office and the entity which has paid the IGST is manufacturing unit/other office and vice versa.

In such cases although GSTIN is different, PAN of both entities is same. Board has decided to provide correction facility in such cases.

However, in such cases, entity claiming refund (one which has filed shipping bill) will give an undertaking to the effect that its other office (one which has paid IGST) shall not claim any refund or any benefit of the amount of IGST so paid. The undertaking shall be signed by authorized persons of both the entities. The undertaking has to be submitted to the Customs officer at the port of export.

[Para 2 of Circular 15/2018 -Customs dated 06-06-2018]

In several cases, the exporters have mentioned PAN instead of GSTIN in the Shipping Bills, even though GSTIN has been correctly mentioned while filing the GST returns. Due to this mismatch, the IGST refund claims are not getting processed.

As PAN is embedded in the GSTIN, CBIC has decided to accord similar treatment to such cases also as are already covered under Para 2 of Circular 15/2018 -Customs. The conditions prescribed in Para 2 of the said circular shall apply mutatis mutandis

[Paras 1 & 2 of Circular 22/2018 -Customs dated 18-07-2018]

6.2.3 Gateway Export General Manifest [EGM] not available [EGM Error] [SB006] or EGM not filed [SB002]

(a) As per Rule 96 of CGST Rules, filing of shipping bill is deemed to be an application for refund of IGST paid against exports when EGM and GSTR-3/3B have been filed.

(b) Hence filing of EGM is necessary to tackle processing of refund claims.

(c) EGM is required to be filed by shipping line/airline agents under sections 41 and 42 of the Customs Act electronically for exports originating from the gateway ports.
However, for cargo originating from Inland Container Depot [ICD], shipping/airline were filing EGM manually or not filing EGM or filing EGM with errors.

Absence of proper electronic EGM is the next major obstacle in processing of refund claims. Shipping/ Airlines have been directed to file supplementary EGM where shipping bill details are not available in EGM. Swift penal action against erring shipping/airlines also directed. [Para 3 of Circular No.6/2018-CUS dated 16-3-18]

Jurisdictional officer in ICD directed to ensure:
- Filing of Local EGM i.e. train or truck summary, immediately after the cargo leaves the port
- Liaisoning with Jurisdiction officer of gateway port for incorporation of shipping bills pertaining to cargo originating at ICDs, in EGM filed at gateway port by shipping/airline agents
- Rectification of errors in Local and Gateway EGMs, wherever necessary.

[Para 4 of Circular No.6/2018-CUS dated 16-3-18]

Jurisdictional officer at gateway port -
- To monitor the EGM pendency and error reports available at ICES
- To ask shipping/airline to file requisite amendment
- To approve amendments filed by shipping/airline on ICES
- To take remedial action, where there are errors either in shipping bill or local EGM (i.e. truck or train summary)

[Circular 21/2018-Customs dated 18-07-2018]
7.1 Interest on Delayed Refund

Section 56 of CGST Act

This section provides that when an applicant is not paid the eligible refund within a period of 60 days from the date of receipt of application under sub-section (1) then interest not exceeding 6% as may be specified in notification, shall be payable to the applicant from the date immediately after the expiry of sixty days from the date of receipt of application till the date of refund.

The Proviso to section 56 says that where any claim of refund arises from an order passed by an adjudicating authority or Appellate Authority or Appellate Tribunal or court which has attained finality and the same is not refunded within sixty days from the date of receipt of application filed consequent to such order, interest at such rate not exceeding nine per cent. as may be notified by the Government on the recommendations of the Council shall be payable in respect of such refund from the date immediately after the expiry of sixty days from the date of receipt of application till the date of refund.

The Explanation below section 56 says that for the purposes of this section, where any order of refund is made by an Appellate Authority, Appellate Tribunal or any court against an order of the proper officer under sub-section (5) of section 54, the order passed by the Appellate Authority, Appellate Tribunal or by the court shall be deemed to be an order passed under the said sub-section (5).

As per Rule 94 of CGST Rule, if any interest is due and payable to applicant then the proper officer shall make an order sanctioning such interest amount on delayed payments in Form RFD-05 specifying the amount of refund that is delayed.
8.1. **Doctrine of Unjust Enrichment and Consumer Welfare Fund**

The essence of this doctrine is that no one should make undue profit out of taxes.

As per section 54(5) “If, on receipt of any such application, the proper officer is satisfied that the whole or part of the amount claimed as refund is refundable, he may make an order accordingly and the amount so determined shall be credited to the Fund referred to in section 57.”

Therefore, if refund is payable then it should be paid to the customer who has borne the burden of the same. In *Roplas Limited* AIR (1989) Bom. 183 it was suggested to transfer the amount of refund to the fund instead of refunding the same to the supplier, as the same was collected from various unidentifiable customers. The said principle has been affirmed in the case of *Mafatlal Industries v. UOI* (1997) 89 ELT 247 by the Supreme Court.

As per sub-section (8) “Notwithstanding anything contained in sub-section (5), the refundable amount shall, instead of being credited to the Fund, be paid to the applicant, if such amount is relatable to—

(a) refund of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies;

(b) refund of unutilised input tax credit under sub-section (3)

(c) refund of tax paid on a supply which is not provided, either wholly or partially, and for which invoice has not been issued, or where a refund voucher has been issued;

(d) refund of tax in pursuance of section 77;

(e) the tax and interest, if any, or any other amount paid by the applicant, if he had not passed on the incidence of such tax and interest to any other person; or

(f) the tax or interest borne by such other class of applicants as the Government may, on the recommendations of the Council, by notification, specify.

Thus, normally refund will be credited to the consumer welfare fund but there are exceptions to the same and the same has been carved out in sub-section 8. Hence, the doctrine of unjust enrichment is not applicable in the case of zero rated exports, inverted duty structure, where supply is not effected and invoice is also not raised, where tax is paid considering transaction inter-state instead of intra-state or vice versa then in such situation, tax or the burden of interest paid had not been passed on to any other person, or as may be notified class of person by the government.

In all other cases, as per section 57 “The Government shall constitute a Fund, to be called the Consumer Welfare Fund and there shall be credited to the Fund, —

(a) the amount referred to in sub-section (5) of section 54;

(b) any income from investment of the amount credited to the Fund; and

(c) such other monies received by it, in such manner as may be prescribed.”

Hence, where the doctrine of unjust enrichment is applicable barring cases mentioned above then the government cannot retain the said amount but has to transfer the same to the Consumer Welfare Fund.
9.1 Accounting Treatment

First and foremost, condition for claiming refund is that the tax must be paid by the applicant and the same should be reflected in the books of account. "Paid" does not mean always paid through cash or bank. It may be treated paid if credit note is also issued.

The amount of refund claimed should be reflected under current assets as “Duty receivable”.

While claiming the same the claimant has to debit its electronic credit register and hence ITC account will be debited accordingly and in the books of account the ITC refund account has to be credited and respective ITC account has to be credited. Where payment is received from the department then in that case the Bank Account has to be debited and ITC refund account has to be credited. In case refund is rejected then again ITC account has to be debited and ITC refund account will be credited provided ITC claimed is not in question.
Chapter 10

Introduction to Audit Provisions

10.1 Introduction to Audit Provisions

Before going into a detailed discussion, first we need to know the meaning of the term “Audit”.

As per Section 2(13) of CGST Act, 2017 ‘audit’ means: “the examination of records, returns and other documents maintained or furnished by the registered person under this Act or the Rules made thereunder or under any other law for the time being in force, to verify the correctness of turnover declared, taxes paid, refund claimed and input tax credit availed, and to assess his compliance with the provisions of this Act or the Rules made thereunder;”

Under GST Regime, there are three types of audit prescribed as under:

</tr>
<tr>
<td>3.</td>
<td>Section 66</td>

</tr>
</tbody>
</table>

Now, let's discuss the provisions relating to the punitive actions that may be taken by Tax Authorities in case of erroneous refunds.

10.2 Audit by Tax Authorities u/s 65

- Section 65 of CGST Act, 2017 read with Rule 101 of CGST Rules, 2017 has prescribed the provisions related to Audit by Tax Authorities.

- The Commissioner or any officer authorized by him on general or special order may undertake audit of any registered person for a financial year or multiples thereof.

- The Registered person shall be issued notice at least 15 working days before the start of audit as may be prescribed. Notice shall be issued in Form GST ADT-01.

- Moreover, the proper officer authorised to conduct audit of the records and the books of account of the registered person shall, with the assistance of the team of officers and officials accompanying him, verify the documents on the basis of which the books of account are maintained and the returns and statements furnished under the provisions of the Act and the rules made thereunder, the correctness of the turnover, exemptions and deductions claimed, the rate of tax applied in respect of the supply of goods or services or both, the input tax credit availed and utilised, refund claimed, and other relevant issues and record the observations in his audit notes.

- Audit as above shall be completed within period of 3 months from the start of the audit. Where the audit cannot be completed within 3 months, the Commissioner may extend the same for a further period not exceeding six months to complete the same for reason to be recorded in writing.

- The Authorized officer, during the course of audit, may require the registered person:
  - to afford him the necessary facility to verify the books of accounts or other documents;
furnish such information as he may require and render assistance for timely completion of the audit.

Furthermore, the proper officer may inform the registered person of the discrepancies, if any, noticed. The registered person may file his explanation to the discrepancies in his reply. Thereafter, the proper officer shall finalise the findings of the audit after due consideration of the reply furnished.

After the conclusion of audit, proper officer within 30 days, inform the registered person of his finding, his right and obligations and the reasons for such findings in Form GST ADT-02.

10.3 Special Audit u/s 66

- Section 66 of CGST Act, 2017 read with Rule 102 of CGST Rules, 2017 prescribe the provisions relating to Special Audit.
- If at any stage of scrutiny, inquiry, investigation or any other proceeding, where an officer not below the rank of Asst. **Ans:** Least of the following is eligible for refund:

(i) Closing balance of ITC before claiming refund

(ii) Maximum refund amount computed as per formula mentioned under Rule 89(4) of CGST Rules given below

**Formula u/r 89(4):**

Refund Amount =

\[
\text{Turnover of Zero-Rated Supply of Goods/Services} \times \text{Net ITC}
\]

\[
\text{Adjusted Total Turnover}
\]

CASE 2: Whether refund of accumulated credit on account of inverted duty structure is available only for those inputs where the rate of GST is higher than the output supplies or for all kinds of inputs.

Ans: Refund on account of inverted duty structure shall be granted as per the formula provided under Rule 89(5) of CGST Rules, 2017.

Formula u/r 89(5):

\[
\text{Maximum Refund Amount} = \frac{\text{Turnover of Inverted-Rated Supply of Goods/Services} \times \text{Net ITC}}{\text{Adjusted Total Turnover}}
\]

In this regard, the explanation to Rule 89(5) defines the term “Net ITC” as under:

“Net ITC” shall mean input tax credit availed on inputs during the relevant period other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both”

The above explanation does not categorically specify inputs having higher GST rate than output supplies. Hence, taxpayers can consider entire credit of inputs for the purpose of calculating refund claim on account of inverted duty structure.

CASE 3 : ABC Ltd. is engaged in providing the services in relation to repair and maintenance of Vehicles. It has its service centres in India. Mr. Y is a foreigner residing in USA and ask ABC Ltd. to repair one of his Cars in India. Can ABC Ltd. claim refund of tax on the basis of export of services.

Ans: Section 13 of IGST Act, 2017 shall apply to determine the place of supply of services where the location of the supplier of services or the location of the recipient of services is outside India. Further, as per Section 13(3) of the said Act:

The place of supply of the following services shall be the location where the services are actually performed, namely:

(a) services supplied in respect of goods which are required to be made physically available by the recipient of services to the supplier of services, or to a person acting on behalf of the supplier of services in order to provide the services:

In the present case, the Car is required to be made physically available in India by Mr. Y to enable ABC Ltd. providing repair services. Hence as per Section 13(3), place of supply will be in India and the said services will not fall under the ambit of export of services. Therefore ABC Ltd. is not eligible to claim refund.

CASE 4 : Mr. X has its liability of tax under IGST amounting to Rs. 5000/- during the month of May 2018. However, inadvertently he has paid 8000/- IGST. Now what is the provision to claim refund of excess amount of Rs. 3000/- under the GST Law.

Ans: Any amount paid under CGST, SGST or IGST by the taxable person shall be credited in the Electronic Cash Ledger. As per Rule 89(1) of CGST Rules, 2017, any claim for refund relating to excess balance in the electronic cash ledger may be made through the return furnished for the relevant tax period in Form GSTR-3 or Form GSTR-4 or Form GSTR-7, as the case may be. Also, the refund may be claimed directly by filing Form GST RFD-01.

CASE 5 : Mr. P has the following tax liability:

<table>
<thead>
<tr>
<th>Particulars</th>
<th>Amount (Rs.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Outward Supply (Intra-State)</td>
<td>1,00,000/-</td>
</tr>
<tr>
<td>Output CGST (100000*9%)</td>
<td>9,000/-</td>
</tr>
<tr>
<td>Output SGST (100000*9%)</td>
<td>9,000/-</td>
</tr>
</tbody>
</table>
At the time of payment of taxes, Mr. P paid 18,000/- under IGST (Inter-State) in place of CGST+SGST (Intra-State). What can be the possible solution.

Ans: In the present case, Mr. P has paid the taxes by wrongly mentioning the nature of tax as IGST instead of CGST+SGST. This will result in excess tax paid under CGST and SGST. The amount of excess tax paid under IGST amounting to Rs. 18,000/- can be claimed as refund under the provisions of Section 77 of CGST Act, 2017.
